Milton Public Schools Edline Update

School Committee Presentation
Dr. Angela Burke
June 24, 2015

Edline

Is it feasible to phase out Edline and utilize other resources readily available?

The purpose of Edline is to improve communication between school and home so as to enhance scholar achievement. The district currently has other platforms that help forge this communication.

How is Edline currently being used?

Parents/guardians log in to access the following:

- Class content: syllabus, course description, grading policy
- Student handbooks, district forms to be downloaded
- District calendar
- Communication between school and home, via teacher email

What are proposed replacements?

- Administrators Plus (addition of parent portal)
- Milton Public Schools Website (www.miltonps.org)
- Google Classroom (www.classroom.google.com)

Where will information be housed?

Administrators Plus	www.miltonps.org	Google Classroom
Grades/Progress Notes	School Pages-Individual Teacher Pages	Nightly Homework Assignments
Attendance/Tardies	Curriculum Documents	Class Announcements
Schedules	Downloadable Forms	Syllabus
Demographic Data	School Committee News	Short/Long term projects
Report Cards	District Calendar	Teacher communication
Discipline Data	PTO Pages	Reading Logs
	Athletics, Early Childhood, Summer School, Nurse's info	Academic Support Resources/Links
	Food Services	
	Handbooks	
	Community Updates	

Things to Consider…
Where should we house the following?

- Link to technology work orders

- Reporting incidents of bullying

- Professional Development opportunities
