Current School Attending _____

Siblings in Elementary School?

Name Current Grade Current School

Grade 1 Language Program Choice - Please check one of the following:

French Immersion English with FLES

Please read carefully:

I understand that the language program that I choose for my child entails a commitment until the end of fifth grade. Starting in the sixth grade my child will have the opportunity to continue, change, or add to his/her language study program.

I understand that once my child's school and program assignment has been made, it is final and will be in place for grades 1-5.

I understand that my child's school assignment is based on the Elementary Student Assignment Plan and therefore my child's school assignment is not guaranteed.

I understand that if my child is assigned to the auxiliary French class that my child's siblings will not necessarily follow him/her to that school.
