Re: Grade 1 School Assignment Lottery

At the May 18, 2010 School Committee Meeting I announced that I would be posting the names of the Grade 1 students and their order in the lotteries that were held on May 11, 2010. Later in the meeting I announced that I did not want to place student names on the website and that I would be using students initials.

After further thought and discussion I believe that it would be unfair to these students to release such individual information on our website and have decided to provide this information in an alternative format. Each student whose name was entered into the lottery and was not selected for the French Immersion Program in their home school will receive a letter that will indicate the number they were chosen in the lottery and the total number of names that were entered in the lottery.

Thank you for your attention to this matter.
