

DEBBIE ABDON

Debbie Abdon was hired in 1996. She began her career as a cafeteria helper and quickly moved up to a cashier.

She was the manger of the Cunningham School for three years. Soon after the school construction began, that became the Cunningham/Collicot cafeteria, or the CC Café as her she and her team called it. Debbie brought a smile to every child she served, and she will be missed.

According to Collicot Principal Holly Concannon, Debbie treated the Collicot and Cunningham cafeteria as if it was her own kitchen. She was discerning about menu items and wouldn't serve anything that she wouldn't serve to her own families. She was innovative in the menu items for staff and under her leadership, the number of staff members enjoying school lunch drastically increased. She knew the names of all students in the cafeteria and greeted them with a smile each day. We are so grateful for Debbie's time at Collicot and wish her the very best in her retirement.
