

PATRICIA LEAHY MURTAGH

Patricia Leahy Murtagh was hired on February 1, 1995 as a physical therapist for the district. Visiting each school in the district allowed Trish the opportunity to meet and service so many students over the years and assist them in improving their strength and mobility. Trish has also been a strong advocate for parents and guardians.

According to Principal Karen McDavitt, “Trish has a wonderful way with children. Her sense of humor and connection resulted in her students being willing and able to surpass all expectations and overcome all hurdles. They were never afraid to take risks with her because they knew she’d always be there to catch them if they fell.”

Trish, we wish you years of health and happiness as you begin your retirement. You have had an outstanding career in Milton and helped so many students and their families.
