

On January 31st, Pierce Middle School Faculty received training in Suicide Prevention and in the PlusPortal System. Additionally, educators engaged in content specific offerings that included the following:

- Implementation of newly developed Digital Citizen Curriculum
- World Languages Common Assessments, Supporting Students with IEPs and 504s
- Physical Education/Health Department CPR Recertification
- Mathematics “Ins and Outs”, State Standards Progressions, MCAS Assessment
- Science Common Assessments and Google Forms, MA STE Frameworks and Practices
- Unpacking National Core Arts Standards for Music and Visual Arts Department, Using Google Classroom

Teachers at all levels enjoyed a wellness or physical activity session that was built into the day. Yoga instructors led movement and mindfulness activities. Again, MPS educators value and appreciate this time and the opportunities presented!
