

## **BARBARA PAKALNIETIS**

Barbara Pakalnietis began her career with the Milton Public Schools in September of 1999 working part time prior to being appointed to the position of Interim Payroll Clerk and then Principal Payroll Clerk for the Milton Public Schools.

In this position, Barbara knew everyone in the district. Whether employees were asking payroll questions, benefit questions or inquiring about contracts, Barbara had all the answers. She served as a mentor to many employees sharing her historical knowledge.

Barbara was a dedicated employee and quite often would be one of the last cars out of the parking lot, particularly on a payroll week.

One principal described Barbara as being “one of the loveliest, most thoughtful individuals I have ever met. She was the consummate professional and even when we drove her crazy with questions that we absolutely should have known the answer to, she always answered with a patient and understanding smile.”

Barbara, the entire Milton Public School district appreciates your years of service. We hope you are enjoying this time with your family, and we all wish you continued happiness.
