

JANET SHEEHAN

Janet Sheehan began her career in Milton at the Collicot Elementary School in 1994. In addition to teaching, Janet also acted as Collicot's Assistant Principal.

Following her years at the Collicot Elementary School, Janet served as the Principal of the Joseph Osgood Elementary School in the Cohasset Public Schools for 9 years. She had an outstanding career in Cohasset and made many lasting friendships.

In 2011, we were fortunate to have Janet return to Milton again to become the Principal of the Collicot Elementary School. In her application, Ms. Sheehan stated that she was "excited about the prospect of new challenges and opportunities for personal growth." She certainly has exceeded that goal for herself.

In 2014, Janet Sheehan was appointed as the Assistant Superintendent for Curriculum and Human Resources where she has excelled in this leadership role.

According to Superintendent Mary Gormley, "Janet Sheehan is the consummate educator, administrator and professional. Her role as Assistant Superintendent for Curriculum and Human Resources has required someone who understand the pre-k through grade 12 continuum of curriculum and instruction as well as someone who is skilled at working with teachers, paraprofessionals, administrators, custodians, administrative assistants, parents/guardians and community members. In any other school district, Janet's position would be filled by two administrators! Janet Sheehan has successfully excelled in leading in the areas of both Curriculum and Human Resources for the Milton Public Schools.

On behalf of the thousands of students whose education has been positively impacted by this phenomenal educator and the teachers and staff who have been mentored by Janet during her career in Milton, we express our gratitude and appreciation for a job well done!

Janet Sheehan is irreplaceable and has made a lasting impression on the Milton Public Schools. We thank you and wish you well in your retirement.
