

MILTON HIGH SCHOOL'S

STUDENT SPOTLIGHT

5.1.2020

Emma Weeber - Emily has always been a strong student who works hard in chemistry, but I feel like she has really gone above and beyond in both taking part in Google Meet Hangouts and in completing the work which has really been of excellent quality and consistent. *Nominated by Ms. Redding*

Jordan Goddard-Brown - Jordan has really shined during this time of remote learning. He has been on top of all his work since the start and has put in effort on each assignment by showing his work, asking questions, and responding to feedback. We have been so impressed by how he has advocated for himself and by how on track he has been this entire time. *Nominated by Ms. Ritten*

Sophie Kosiba - Sophie has consistently gone above and beyond from the beginning of the closure. She is the only student to consistently keep up with sending me daily *Do=Now's*, has actively participated in Google Hangouts, and has asked inquisitive questions via email. I know that Sophie is on her way to being a star student in Course II Honors and I am SO proud of her. *Nominated by Mr. Moray*

Kevin Harvell - Kevin has demonstrated sincere dedication to keeping up with his studies throughout the remote learning period. He reaches out with great questions, is on top of all of his work, and goes the extra mile to join in on extra help sessions... literally! He tuned in to our last one to listen while he was on a run. Way to go, Kevin! *Nominated by Ms. Craven*

Andrew McDonnell - Andrew has been a rock star since March 13th (actually even before the 13th). Andrew has balanced well the responsibilities of maintaining safety at home while also

giving consistent and thoughtful attention to all his classes. In addition, Andrew has shared some cool historical memorabilia and is reading Doris Kearns Goodwin for pleasure. That is truly impressive character being exemplified under pressure. Keep up the great work Andrew!

Nominated by Mrs. Warn

Michael McCarthy - Michael McCarthy created a video production of Theatre Show Must Go On. I have had Mikey throughout the year and to say the least, he is awesome and does so much behind the scenes. https://www.youtube.com/watch?v=l62Y4tvWnBo&feature=youtu.be&disable_polymer=true

Nominated by Mr. LoPresti

Rachel Steinberg - I wanted to recognize Rachel Steinberg for the work that she has done since we have started remote learning. She has completed all assignments on time, come to every Google hangout session, and has been reaching out to me for clarification when she needs to. She also has been collaborating well with others during this time, which has led to a more positive work environment. *Nominated by Mr. Ellis*

Bella Brown - Bella has gone into her father's business...just him and her...and re-purposed the manufacturing equipment to make medical equipment for local health workers. Kudos to Bella (and dad), on behalf of the health workers, we appreciate your support! *Nominated by Mr. Mills*

CONGRATULATIONS TO ALL!

KEEP UP THE GREAT WORK!
