

CONSTANCE CATINELLA

Constance Catinella was hired in September 5, 1995 to the Food Service Department. She started as a cafeteria substitute and was hired at the Pierce school as a helper. Connie also previously worked for Milton's Community Schools' After School Program and the Milton Summer Program.

In 2000, when the opening came up for a Cafeteria Manager at Pierce Middle School, Connie was hired without question. Since then, she has done an amazing job at Pierce Middle School.

Dr. Spaulding stated that the Pierce Middle School is eternally grateful to Connie Catinella for ensuring that all students and teachers were well fed and ready to learn. Whether special pizza on Tuesday or packing up lunches for students who forgot theirs for the field trip, Connie's caring presence was always felt.

According to Food Service Director Jacqueline Morgan, Connie manages 6 staff members and is responsible for overseeing 700 meals per day. She has been an asset to the Milton Public Schools and has impacted the lives of many students and staff members. We will miss her very much.

Connie, we wish you the best in your retirement.
