HOME LANGUAGE SURVEY

Massachusetts Department of Elementary and Secondary Education (DESE) regulations require that all schools determine the language(s) spoken in each student's home in order to identify their specific language needs. This information is essential in order for schools to provide meaningful instruction for all students. Please help us meet this important requirement by answering the following questions. Thank you for your assistance.

Please note that if a language other than English is spoken in the home, the District is required to do further assessment of your child to determine if English language support services (ELL) is required. If you have any questions about this requirement, please contact: Elaine Chung (ELE Coordinator) at echung@miltonps.org.

- Is there a language other than English spoken in the home? yes no

- What is the primary language used in the home, regardless of the language spoken by the student?

VISION SCREENING

Physicians and other Health care Providers

As of July 15, 2004 Chapter 181, requires that:

"Upon entering kindergarten or within 30 days of the start of the school year, the parent or guardian of each child shall present to school health personnel certification that the child within the previous 12 months has passed a vision screening conducted by personnel approved by the department of public health and trained in vision screening techniques to be developed by the department of public health in consultation with the department of education...For children who fail to pass the vision screening and for children diagnosed with neurodevelopmental delay, proof of a comprehensive eye examination performed by a licensed optometrist or ophthalmologist chosen by the child's parent or guardian indicating any pertinent diagnosis, treatment, prognosis, recommendation and evidence of follow-up treatment, if necessary, shall be provided. "

Thus, it is now mandated in Massachusetts that:

- All preschoolers have a vision screening done within 12 months prior to their entry into Kindergarten.
- All children with neurodevelopmental delay, and all children who fail the vision screening, be referred for a comprehensive eye examination by an ophthalmologist or optometrist.

As you know, Massachusetts General Law, Chapter 71, section 57 requires that each student have a physical examination at certain intervals. After completion, the Massachusetts Health Care Provider's Examination Form must be shared with the school to become part of the student's school health record. During the past year, the Massachusetts Department of Public Health has collaborated closely with school physicians, pediatricians and nurses to update the existing form. The goal of this process was to identify information needed by the school to protect the health and safety of the student and to meet certain legal requirements. Another goal was to create a single-page document for ease of implementation. The form may be found at MDPH's website located at (http://www.mass.gov/dph/fch/schoolhealth/health_record.htm) and it includes a place to record the results of a vision screening.

**Massachusetts Parental Notice for One Time Consent to Allow the School District
To Access MassHealth (Medicaid) Benefits**

School District Name and Code: Millton Public Schools 0189000

School/District Contact: Pupil Personnel Services, 25 Gile Road, Milton, MA 02186 617-696-4470 x5572

Dear Parent/Guardian:

The purpose of this letter is to ask for your permission (also known as consent) to share information about your child with MassHealth. Local communities in Massachusetts have been approved to receive partial reimbursement from MassHealth for the costs of certain health-related services provided by the district to your child (or children). In order for your community to get back some of the money spent on services, the school district needs to share with MassHealth the following types of information about your child: name; date of birth; gender; type of services provided, when, and by whom; and MassHealth ID.

With your permission, the school district will be able to seek partial reimbursement for services provided by MassHealth, including, among others, a hearing test or eye exam; a school physical; occupational or speech or physical therapy; some school nurse visits; and counseling services with the school social worker or psychologist. Each year, the district will provide you with notification regarding your permission; you do not need to sign a form every year.

The school district cannot share with MassHealth information about your child without your permission. As you consider giving permission, please be advised of the following:

1. The school district cannot require you to sign up for MassHealth in order for your child to receive the healthrelated and/or special education services to which your child is entitled.
2. The school district cannot require you to pay anything towards the cost of your child’s health-related and/or special education services. This means that the school district cannot require you to pay a co-pay or deductible so that it can charge MassHealth for services provided. The school district can agree to pay the co-pay or deductible if any such cost is expected.
3. If you give the school district permission to share information with and request reimbursement from MassHealth:
 - a. This will not affect your child’s available lifetime coverage or other MassHealth benefit; nor will it in any way limit your own family’s use of MassHealth benefits outside of school.
 - b. Your permission will not affect your child’s special education services or IEP rights in any way, if your child is eligible to receive them.
 - c. Your permission will not lead to any changes in your child’s MassHealth rights; and
 - d. Your permission will not lead to any risk of losing eligibility for other Medicaid or MassHealth funded programs.
4. If you give permission, you have the right to change your mind and withdraw your permission at any time.
5. If you withdraw your permission or refuse to allow the school district to share your child’s records and information with MassHealth for the purpose of seeking reimbursement for the cost of services, the school district will continue to be responsible for providing your child with the services, at no cost to you.

I have read the notice and understand it. Any questions I had were answered. I give permission to the school district to share with MassHealth records and information concerning my child(ren) and their health-related services, as necessary. I understand that this will help our community seek partial reimbursement of MassHealth covered services.
