Mary C. Gormley
Superintendent of Schools
Milton Public Schools
25 Gile Rd.
Milton, MA 02186

Dear Superintendent Gormley:

It gives me great pleasure to inform you that the following Milton Public Schools have been awarded a Bronze Healthier US School Challenge: Smarter Lunchrooms (HUSSC:SL) award:

- Collicot Elementary School
- Glover Elementary School
- Milton High School
- Pierce Middle School
- Tucker Elementary School
- Cunnigham Elementary School

The U.S. Department of Agriculture's HUSSC: SL award recognizes schools that have worked to provide students with nutritious food and quality nutrition and physical education. Healthy school environments such as those in Milton Public Schools are critical for promoting healthy lifestyles among your students.

You join a select group of only about 7% of schools throughout the United States that are certified as HUSSC schools. In recognition of your accomplishment, the State Department of Education will be sending you a HUSSC banner and plaque for each school. In addition, you will receive $500 for the school food service account.

If you choose to celebrate your accomplishment, you may find the attached helpful. Please contact my office and the State Agency with the date if you decide on a celebration. If my schedule permits, I may be able to join you.

Please express my congratulations to Jackie Morgan and her staff, as well as to the administration and staff at the six schools receiving the Bronze award, for their great initiative and hard work!

Sincerely,

Kurt Messner
Regional Administrator
Northeast Region
