is proud to welcome

Maureen Blazejewski, M.Ed.

Designing Inclusive Schools I.E.P. Development: Considerations for Effective Advocacy

Coming together with your child's team each year can be both exciting and stressful, as you reflect upon your child's progress and plan the new areas of focus over the next calendar year. This workshop will offer parents information, insight and tips that will lead to more effective communication and advocacy as you come together with your district team to plan for your child's educational needs.

Maureen Blazejewski is a special education teacher at the Avery Elementary School in Dedham, MA. Throughout her career, she has had the opportunity to work in a variety of diverse roles within the Special Education field, including working as an Inclusion Specialist and Special Education Teacher in Cambridge, MA, as well as Education Director to the Massachusetts Down Syndrome Congress (MDSC) and as an Educational Consultant to school districts across Massachusetts through the 3-21 Foundation.
