

## **Concussions – What You Don't Know Could Hurt You**

Join Beth Israel Deaconess Hospital-Milton neurologist John Mahoney MD, and Darryl Elliott, PT, of Elliott Physical Therapy, for a free community education program “Concussions – What You Don't Know Could Hurt You.”

This program was developed specifically for young athletes and their parents. Dr. Mahoney will discuss what is a concussion, the symptoms, and diagnosing concussions including neurodiagnostic imaging. He will conclude his presentation with an overview of CTE or chronic traumatic encephalopathy. Darryl Elliott will discuss different treatment options for concussions and followup.

The program will be held on Tuesday, November 14, at 7 pm in the Nangeroni Education Center at BID-Milton. Pre-registration is required. Call (617) 696-8810.
