

## **ACCESS TO DIGITAL RESOURCES**

The School Committee supports the right of students, employees, and community members to have reasonable access to various information formats and believes it is incumbent upon users to utilize this privilege in an appropriate manner.

### **Safety Procedures and Guidelines**

The Superintendent, in conjunction with the Director of Technology, shall develop and implement appropriate procedures to provide guidance for access to digital resources. Guidelines shall address teacher supervision of student computer or tablet use, ethical use of digital resources and issues of privacy versus an administrative review of electronic files and communications. In addition, guidelines shall prohibit the utilization of digital resources for prohibited or illegal activities and for the use of other programs with the potential of damaging or destroying programs or data. All Milton Public School (“MPS” or “District”) staff are required to comply with the Children’s Online Privacy Protection Act (COPPA), Children's Internet Protection Act (CIPA) the Federal Educational Rights Privacy Act (FERPA) and all other applicable laws in receiving or sharing any personally identifiable student information, including but not limited to academic and demographic information. Failure to comply with this policy may result in disciplinary action.

Internet safety measures shall be implemented that effectively address the following:

- Controlling access by minors to inappropriate matter on the Internet as defined by the Children's Internet Protection Act (CIPA) and COPPA;
- Safety and security of minors when they are using e-mail, chat rooms, instant messaging applications, and other forms of direct electronic communications;
- Preventing unauthorized access, including hacking, viruses, and other unlawful activities by minors online;
- Unauthorized disclosure, use and dissemination of personal information regarding minors.

The School District shall provide reasonable public notice to address and communicate its internet safety measures.

### **Empowered Digital Use**

All students and faculty must agree to and sign an Empowered Digital Use form prior to the student or staff member being granted independent access to digital resources and district networks. The required form, which specifies guidelines for using digital resources and district networks, must be signed by the parent or legal guardian of minor students (those under 18 years of age) and also by the student. This document shall be kept on file as a legal, binding document. In order to modify or rescind the agreement, the student's parent/guardian (or the student who is at least 18 years old) must provide the Director of Technology with a written request.

## **Employee Use**

Employees shall use district email, district devices, and district networks only for purposes directly related to educational and instructional purposes.

Employees shall limit their use of personally identifiable student information, provided to them via various technology platforms, for educational and instructional purposes only. Employees shall refrain from sharing identifiable student data with any external parties who have not signed off on a privacy agreement with the district.

## **Community Use**

On recommendation of the Superintendent in conjunction with the Director of Technology, the district shall determine when and which computer equipment, software, and information access systems will be available to the community. All guests will be prompted to, and must accept the district's Access to Digital Resources Policy before accessing the district network.

## **Disregard of Rules and Responsibility for Damages**

Individuals who refuse to sign required Empowered Digital Use documents or who violate district rules governing the use of district technology or networks shall be subject to loss or restriction of the privilege of using equipment, software, information access systems, and network.

Individuals shall reimburse the district for repair or replacement of District property lost, stolen, damaged, or vandalized while under their care.
