## **DROP OFF PICK UP**

In the interest of safety and having a smooth and swift process, it is crucial that all parents understand and follow these directions when dropping off and picking up at this location:

Drop Off at front of MSE entrance. The entrance is located at the bottom of Gile Rd. at the lower parking lot. Please have your child ready to exit your vehicle from the right side. Our “red shirt” staff will be ready to receive students and escort them inside to their first period teacher.

If you feel it necessary to bring your child into the building yourself, for safety sake, you MUST park in the lower parking lot against the guide rails and must walk down towards the end door and use the walkway. Do not try to walk through the parking lot.

Pick Up will be divided alphabetically. Last names beginning A - L should be picked up at the main entrance of MSE. If your last name begins with M - Z you should pick up your child at the rear of the building at the Copland Field House entrance. Enter from Canton ave and take the first right off Gile Rd. to the back entrance. Please stay in your car; your child will be escorted to you.
