## SESSION 2- JULY 8-JULY19

## WELCOME, PIRATES AND PRINCESSES!

Session two of Camp Cunningham is a blast!

The theme for this session is Pirates and Princesses!

Ms. B started the week with campers choosing a Pirate hat or Regal Crown to make and decorate! The campers enjoyed decorating with colorful gems and glitter.

Our walls are decorated with vinyl murals of a castle, a royal lawn and a pirate ship. Children chose to color pictures of princesses, pirates, or parrots that were then attached to the murals. The result is spectacular!

Mr. Moonan came and brought SHOWTIME! The campers had so much fun, dancing, singing, and acting on stage. There was music from, the Broadway Show Annie and music from Peter Pan. Those, not on stage, loved the show put on each day as Showtime rehearsed.

Karate was offered and a few of our campers chose Karate. They went to the extended class from 10:00 am to 2:00 pm each day.

Mr. Cullen ensured that campers were brought to their swim lessons each day. Children also had free swim time every day. The pool is so refreshing in the heat.

Many of our campers have passed the swim test and no longer need to wear a floatation device while at Caldwell Pond. Those that need the swim vest readily put the vests on for swim time.

Mr. Andrew was in the Gym for Sports. Campers learn the rules and good sportsmanship.

We are lucky to have a Gaga Ball ring to use and the children are learning to play Gaga Ball.

Mr. Jackson directed his coding classes in the air-conditioned computer lab. The air was welcome on such warm days and the campers, of course, enjoy computer time.

On Tuesday, Ms. B had the children making pencil shaped containers for small trinkets or to hold pencils!

On Wednesday, sixty children and several staff members hopped on buses for Edaville Railroad. There they spent several hours at the amusement park on various rides. The children loved the field trip! It was declared, "the best!" by one camper. Everyone arrived back at camp happy and tired! They all had a fabulous day.

The children who opted to stay at camp enjoyed a day of extended swim time and Showtime was available to everyone.

Ms. B had several exciting crafts, including, painting your own ceramic cupcake bank. The banks were as varied as the colors on the color wheel!

Mr. Rudy came this week. He introduced the children to "Harry Potter Math". The campers liked this cool version of math.

On Thursday, Ms. Goodwin arrived with ingredients for the week's cooking class. This week the campers made chocolate chip scones! The aroma at camp was mouthwatering. The tasty scones were delightful!

Friday was dressed as a Pirate or a Princess! Many children came in costume. We had well known as well as many unique Princesses, complete with gowns and tiaras. Pirates wearing black hats and eye patches arrived! We even had a Pirate Princess!

Though Friday brought some torrential moments of rain, we did squeeze in some swim times.

There was Corridor Bowling, Ring Toss, and Bean Bag Toss.  
Some campers made castles from a kit. A princess and a knight completed the project.

During the week we have had outdoor play, GaGa Ball, board games, card games, watched a Tinkerbell Pirate Fairy Movie, the younger camper listened to counselors read at Story time, and made perler bead crafts.  
The campers have been busy!

Our Pirate and Princesses theme continues throughout this week!

Sincerely,  
-Susan Gionfriddo-Camp CU Supervisor
