CONGRATULATIONS
STUDENTS
OF THE
MONTH

Halloween Math Project

7th grade students used Desmos in math class to plot points on a coordinate plane. Each point was then connected using the application to create a carving of a pumpkin.

After School Activities

All Pierce Clubs and PASS Classes will be up and running beginning next Monday, November 16. All activities will meet virtually. Clubs run for the full year, and PASS Classes run for 8 weeks. Students can register for the following clubs: Pierce Press, Pierce Players, Pierce GSA, Jazz Ensemble, Chamber Orchestra, Latin Club, Board Games Club, Culture Club, Model UN, and Mosaic Club. We are also offering one PASS class: Guitar Club. Click [HERE](#) for descriptions of all activities.

WHAT'S HAPPENING IN ART?

Mr. Manning's 8th graders had to dig deep and reflect on their identity, who they are as a person, family make up, and cultural values, in order to create unique identity tattoo designs. They were disappointed when they learned that I was not going to give them real tattoos!

Mr. Manning's 7th grade artists learned about shadows and highlights and how to draw with depth and dimension by focusing on the work of Wayne Thiebaud and his simple but elegant food paintings. Thiebaud's most famous work was a painting of four cupcakes that sold for over 2 million dollars. Students said that those cupcakes were probably not at Montilio's.

QUICK NOTE

Students should bring headphones or earbuds to school with them everyday.

SOCIAL & EMOTIONAL WELL-BEING

Hello Pierce Community! Welcome to this weekly opportunity to think and learn about social and emotional well-being. This space will be used to help us learn more about the connections between our thoughts, feelings and behaviors and how these connections impact the way we think and feel about ourselves and the world around us. This space will also be used to learn and encourage positive and healthy ways to take good care of ourselves when life gets overwhelming. Click [HERE](#) to watch a short video that shares the importance of better understanding our mental health and offers some suggestions on what we can do when life feels hard.

Don't forget, your Pierce Adjustment Counselors are here for you if you need us. Have a wonderful weekend!
