Practicing mindfulness helps us learn how to live in a way that can make life less stressful and more enjoyable. This sounds simple, but it can be hard to remember to do it. STOP for mindfulness is a tool that can help us learn and practice how to be more aware of what we are thinking and feeling in the present moment and to give ourselves a break from negative or overwhelming thoughts. Click [HERE](#) to watch a short video to get you started and remember to STOP for mindfulness, take a breath, observe and proceed.

Please remember, your Pierce Adjustment Counselors are here for you if you need us. Have a wonderful week!
