

## Summer Drive Thru Every Wednesday

June 23-August 25

**11am-12:30pm**

7 Breakfast-7 Lunch-Milk-Fresh Produce box

@Milton High School

PLEASE ENTER FROM  
BLUEHILLS PKWY

## Office of the Family Outreach Liaison

The office of the Family Outreach Liaison will be open during the summer months. Please feel free to reach out with any questions you might have about MPS/ community summer programs, summer reading, the upcoming school year or if you are in need of a resource. Contact information is: Marti O'Keefe McKenna, Family Outreach Liaison, 617-980-7343 or [mmckenna@miltonps.org](mailto:mmckenna@miltonps.org)

## Community

THE SPIRIT OF GIVING BACK

Remote learners wrapped up their Team Project with a grand total of over 125 community service actions! Here are Alex Bernaus and his brother biking instead of driving, and an inspiring slogan from Nicholas Miller, Elias & Leandros Caros.

## Studying Organ Systems

The 6th graders on Neptune Team finished their unit on organ systems by conducting frog dissections to explore the different organs themselves.

Thanks to the Pierce PTO and teachers for organizing the 6th and 7th grade field days - what a fun way for the students to end the school year. Below are a few pictures of the sack races at the 7th grade field day.

Drive by Pierce to see all the amazing posters students created during connection time as their final CBC project. A HUGE thanks to Dr. Fitzgerald for hanging all these works of art!

## PIERCE SUMMER READING

Creating a school-wide culture of literacy continues to be a priority for the faculty, staff, and administration at Pierce Middle School.

Summer is the perfect time to find books and texts to read for pleasure. The resources and lists below are meant to be a starting point to help you select books that match your interests and include a variety of titles across many genres, levels, lengths, and platforms.

The goal of this summer's reading assignment is to engage all students in meaningful literacy experiences while providing student choice. In service of this goal, all students entering grades 6, 7, and 8 are asked to do the following:

- Read 3 texts (at minimum) and complete an assignment related to one of them
  - Students can choose from books, audiobooks or podcasts.
- Select one (at minimum) of the texts you read and complete one of the following tasks:
  - Writing Prompts** - answer five of these prompts!
  - Infographic** - click here to see how you can create an infographic about your reading
  - Video Review**: create a video review of your reading! You can use Padlet, Screencastify or Google!
  - Podcast**: Whether alone or with friends, creating a podcast about your reading can be fun! Audio record in Padlet, create an audio file, or in Google slides!
- Click [HERE](#) to complete the Pierce Summer Reading Task Form to assist you in completing the tasks listed above.
- Want to share your writing, infographic, podcast or book review with others? Add it to our [Padlet!](#) You can create your audio, screen share, video right on the app! Please note: all submissions will be reviewed before posted to the padlet.

### How can students choose books?

- [Grade 6 Recommendations](#)
- [Grade 7 Recommendations](#)
- [Grade 8 Recommendations](#)
- [We Need Diverse Books](#)
- [Teen Books Search Engine](#)
- [Open Library](#)
- [Gutenberg Library](#)
- [Milton Public Library Information](#)

Click [HERE](#) to access the Summer Reading website.

## 8TH GRADE AWARDS

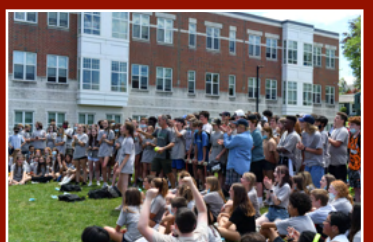

Click on the links below to view the 8th grade team award assemblies. We will send the link to the all-grade assembly as soon as it is available.

[Phoenix Assembly](#)

## 8TH GRADE FIELD DAY

A huge thanks to Anna Barker, Jessica Heaton, the Pierce PTO and all the parent volunteers for helping make the 8th Grade Field Day happen! Thanks also to Jessica Delaney for taking all of the photos below.

Congratulations to the following students who best demonstrated the characteristics of a positive community member all year. Thanks for being SAFE, RESPONSIBLE, RESPECTFUL AND KIND!
