C o d e r Z™

Ms. Magill is pleased to announce that Pierce Middle School won the CoderZ Social Media Domino Challenge Competition! She had nine students submit the screen recordings of their robot laying down a trail of dominos and then knocking them down. These students created and then coded their own original designs. If you use Twitter you can search for #dominochallenge and #PierceMiddleSchool to see all nine submissions.

Congratulations to Matthew Chin, Lia Duran, Chris Ennis, Wyatt Hartford, Molly King, Sophia Kociol, Joseph Koh, Braeden Mahoney, and Jackson Wagner who went above and beyond to complete this challenge. Well done!
