Tucker Elementary School

Message from the Principal:

On behalf of the Tucker faculty, I would like to welcome new and returning families to the Tucker School. At the Tucker School, we are fully committed to academic excellence for all. Through strategic and focused planning, the implementation of high-quality instruction in classrooms, and guided by the belief that all children can learn at high levels, we know we will reach our goal: 100% of students meeting or exceeding proficient standards in reading, writing, science, social studies and mathematics. At the same time, we seek to strengthen the social-emotional, character, artistic, and physical development of our students to actively participate in a democratic and diverse society.

The Tucker's instructional programming is based on the core values of the Milton Public Schools:

- High Academic Achievement for All
- Excellence in the Classroom
- Collaborative Relationships and Communication
- Respect for Human Differences
- Risk Taking and Innovation for Education

The Tucker School mission statement guides how we plan and prepare for every day of learning:

We want children to lead quality lives filled with meaning as well as accomplishment. We believe development of intellect (academic proficiency) and strength of character is the path to that goal. Therefore, our mission is academic proficiency in every content area for **all** students and the development of strong personal character for **all** students.

Tucker Elementary School Procedures

Tucker School Hours: 8:50 a.m. to 3:19 p.m.

** Instruction begins at 8:50 a.m. Students should arrive between 8:40 a.m.-8:45 a.m. to begin instruction at 8:50 a.m. Students arriving after 8:50 a.m. will be marked tardy.*

Early Arrival/Extended Day Programs:

All days that Milton Public Schools are in session, Milton Community Schools offers both before and after school programs housed at all four elementary schools. A wide variety of programs are offered to the students and costs vary depending upon level of participation. Discounts are available for full-time program use and for additional siblings in the program. Financial aid is available to qualified applicants. School vacation and early release day programs are offered for an additional fee. For more information, please contact Program Coordinator Pam Dorsey at 617-696-6978 or visit the Milton Community Schools website at www.communityschools.org.

Tucker School Preschool Arrival and Dismissal Procedures:

Preschool-

➤ Blue Hills Half Day Sessions

- **AM sessions** commence at 8:50 a.m. and dismiss at 11:35 a.m. Students should arrive at the gym between 8:40 and 8:45 a.m. **as there is no supervision prior to 8:40 a.m.** Students will proceed to class at 8:45 a.m. **Students are not allowed to use the playground equipment before school.** *To ensure we are efficiently using time on learning and providing the safest environment for our students, we do not allow parents to accompany students to their classrooms during morning drop off.* Students will be dismissed at 11:35 a.m. from the front walkway of the school near the small playground on Oak Street. Please note that Oak Street is a two way street at this time of the day.
- **PM sessions** commence at 12:30 p.m. and dismiss at 3:19 p.m. Students should arrive on the front walkway of the school near the small playground on Oak Street between 12:20 and 12:25 p.m. **as there is no supervision prior to 12:20 p.m.** Please note that Oak Street is a two way street at this time of the day. Students will proceed to class at 12:25 p.m. **Students are not allowed to use the playground equipment before school.** *To ensure we are efficiently using time on learning and providing the safest environment for our students, we do not allow parents to accompany students to their classrooms during drop off.* Dismissal takes place at 3:19 p.m. in the recess yard or gym during inclement weather. Please see the Dismissal Plan below for additional information.

➤ Blue Hills Full Day Session

Sessions commence at 8:50 a.m. and dismiss at 3:19 p.m. Students should enter the building through the main office. Students should arrive at the gym between 8:40 and 8:45 a.m. **as there is no supervision prior to 8:40 a.m.** Students will proceed to class at 8:45 a.m. **Students are not allowed to use the playground equipment before school.** *To ensure we are efficiently using time on learning and providing the safest environment for our students, we do not allow parents to accompany students to their classrooms during morning drop off.* Dismissal takes place at 3:19 p.m. in the recess yard or gym during inclement weather. Please see the Dismissal Plan below for additional information.

Tucker School Arrival and Dismissal Procedures:

Kindergarten-

- Full Day sessions commence at 8:50 am and dismiss at 3:19 pm. following the Grade 1-5 arrival and dismissal procedures.

Grade 1-5-

Arrival Plan: Tucker hours for all Gr. 1-5 students are 8:50 a.m. to 3:19 p.m. Students should arrive at the gym between 8:40 and 8:45 a.m. **as there is no supervision prior to 8:40 a.m.** and students proceed to class at 8:45 a.m. Families requiring an earlier drop off should contact Pam Dorsey at pdorsey@miltonps.org to enroll their child/ren in the Before School Program. Upon arrival, it is expected that students report immediately to the before school program (if enrolled), breakfast program (if enrolled), or to the gym. **Students are not allowed to use the playground equipment before school. Students are not allowed to go to their classrooms before 8:40 a.m.** *To ensure we are efficiently using time on learning and providing the safest environment for our students, we do not allow parents to accompany students to their classrooms during morning drop off.*

Curbside Drop Off- Oak Street is closed to through traffic except at Drop Off from 8:35 a.m.-8:50 a.m. every morning when it is opened as a ONE WAY from Blue Hill Ave. Cars must drop off on Oak Street by the playground gate. To ensure the safety of students, it is imperative that students exit on the sidewalk side of the road where a faculty member will greet you. This is strictly a car drop off area and there is **no parking on Oak Street. Parents should pull as far forward as possible, and most importantly, remain in the car at all times.**

Walkup Drop Off/ Pick Up - Parents/ guardians who wish to drop off/ pick up their child/ren **MUST** park along Blue Hill Parkway, Blue Hill Ave. or on local side streets. **There is NO parking on Oak Street as well as directly in front of the school. The front of the school (BlueHills Parkway is for buses ONLY).** The school parking lot is closed during the drop off/pick up designated times – please do not drive through the parking lot or park there at arrival or dismissal for the safety of our students and staff.

Dismissal Plan: Dismissal takes place at 3:19 p.m. in the recess yard or gym during inclement weather.

Walkers/bikers in grades K-5 will leave from the rear of the school beginning at 3:19 p.m. and will line up by classroom on the back playground. Students in grades 1-3 must stay with their classroom teacher on the playground until a parent or older sibling arrives for pick-up. Teachers have been asked to make explicit contact with a parent or older sibling before releasing a child. Students cannot say for example, “a family member is waiting in the car on Blue Hill Avenue for me.” The person must make contact with the classroom teacher before the child can be released. **Please note: There is NO curbside Pick Up at dismissal.**

Only students in grades 4 and 5 may walk/bike home alone. Any student who wishes to do so must have an explicit letter from a parent with permission to do so. **This letter should be sent to the attention of the classroom teacher.**

While these regulations may seem overly cautious to some, please recognize that they are in place to keep students as safe as possible.

Sibling Dismissal

Older siblings picking up should go directly to the sibling dismissal door located at the side entrance door adjacent to the parking lot. We ask that families communicate the following expectations to older children for dismissing a younger sibling.

- Dismissal begins at 3:19 p.m. for all students. Siblings should not arrive at the side entrance door or be on school grounds prior to 3:15 p.m.
- Only the siblings of Tucker students are allowed on school grounds at dismissal. If your older sibling is walking with friends, their friends must wait off school grounds to minimize foot traffic.
- Following dismissal to an older sibling, no unsupervised play is allowed on the playground area. In order to remain and play on the playground at dismissal it is expected that students will be accompanied by an adult 18 years or older.
- Crossing guards are on duty until 3:50 p.m. In order to ensure that students safely cross at all needed crosswalks, it is important that they leave the school grounds at 3:19 p.m. while the crossing guards are still present and Tucker faculty is available outside of the building.
- Older siblings should always be modeling conscientious behavior to their younger siblings. This includes: using appropriate language, walking and biking safely, remaining on the sidewalks, not walking through the parking lot area, crossing carefully and focusing on younger siblings and not electronic devices or friends as they leave school grounds.

Bus Dismissal:

Bus students are called to the front office and lined up according to bus number. When that bus arrives, students will be escorted to the bus. The buses will pull up to the front of our school at arrival and dismissal – **please remember there is no parking in front of the school.**

Bus Assignments:

Bus pick up/drop off is arranged through our Transportation Director, Jane Barrett. For information regarding bus pick up/drop off locations, please contact bus@miltonps.org or call 617-696-5040, x5510.

Early Dismissal:

Request for early dismissal should be submitted in writing to your child's teacher. Parents/guardians must come to the main office to sign their child out of school. Children will be called down to the main office for early dismissal. *The end of the day is extremely busy, therefore we ask parents not to dismiss their children between 2:50 and 3:15 p.m. from the office. Parents should meet their children in the back playground with their class.*

Late Student Pick-up Policy:

Similar to the concerns for student safety during the early morning hours, is the concern for their safety after normal school hours. Therefore, if your child rides the bus, we ask parents/guardians to please make sure an adult is present to greet their child/children at the designated bus stops. If you pick-up your child from school, we ask that you arrive no later than **3:19 p.m.** We recognize that emergencies arise and ask that you please call the main office in the event you will be later than **3:19 p.m.**, so we can arrange for supervision. However, parents/guardians, who pick their child/children up late more than two times, will be required to enroll their child/children in the Afterschool Program. Again, you may contact Pam Dorsey at pdorsey@miltonps.org.

Lunch:

- Full lunch - \$2.00
- Milk - \$.50
- Water - \$.50

Discounted and free lunch programs are available to qualifying families through the Milton Public Schools. Forms are sent home with each child at the beginning of the school year or you may contact the Food Service Director for further information. In an attempt to simplify the payment process for your child's breakfast/lunch, we have installed 2 mailboxes within the school; one mailbox is located in the main office and the other is on the wall in the cafeteria. Checks should be made payable to the Milton Food Service Program.

Please remember that parents/guardians are encouraged to set up an online account at www.myschoolbucks.com. Families can manage their child's account on this site and sign up for low balance email alerts to manage debt.

MEAL CHARGE POLICY

The Milton Public School System participates in the National School Lunch Program sponsored by the United States Department of Agriculture (USDA) which permits the school system to offer free and reduced priced meals to students who qualify. Families who wish to apply for free or reduced meals must complete an application each year. The family of any Milton Public school student may submit an application at any time during the school year. Applications are available in each school's main office, at the food service office and online at www.miltonps.org

STUDENT ACCOUNTS

Any student whose school meal account has a zero or negative balance **will be allowed to charge a reimbursable meal and/or milk**. A "reimbursable meal" is defined as a meal consisting of at least three (3) of the five (5) offered meal components (grain, meat or meat alternative, fruit, vegetable and milk) and must include a fruit and/or vegetable component. This will result in a negative balance on the student's account until funds are added to the student's account.

Families will be notified weekly by the food service program if their account is negative. The food service program will work together with the school administration in a joint effort to contact students/parents to assist with collections.

Student with a negative account balance will not be allowed to purchase a la carte items until the student's account is in good standing. "Good standing" for the purchase of a la carte items is defined as an account with a positive balance.

Payment Options

The Milton School Food Service Program offers an online payment option as well as a payment by check. Our online website is www.myschoolbucks.com

We encourage our families to pre-pay for meals at the paid or reduced price rate to help to ensure children have consistent access to meals without accruing unpaid meal charges. This pre-payment system includes a feature to allow for parental restrictions limiting a child's spending at the point of service. For example, the system could allow families to place specific limits on à la carte purchases. Families can contact the food service office for further information.. We also accept checks at all six of our schools. We have locked mail boxes in the cafeteria and main office of each school. Checks should be made out to the Milton School Food Service Program.

Online Payment

We allow families to add money to their child's account from a computer or mobile device which makes payment more convenient for families.

Often, even families who do not opt to pay using the online system can access the system to check their child's account balance. Many families may not realize how much their child is spending in the cafeteria each day, especially if the child is purchasing à la carte items in addition to their reimbursable breakfast and lunch. We encourage families to regularly check their account balance and track their child's spending can help prevent households from accruing unpaid meal charges.

Automatic Payment

We also offer online payment platforms that include an optional feature families may use to automatically add money to their account when they reach a set dollar amount. Families using these systems may also set up a “low balance warning” to ensure they are notified promptly when a payment is needed.

The Milton Public Schools will work together with all of the fee based programs and activities. At the end of each school year students with an outstanding food bill above (\$20.00) will not be allowed to register for any fee based program until the food balance has been paid off.

School Cancellation:

In the event of school closing, the media will be notified by 6:00 a.m. The closing is then expected to be broadcast shortly thereafter. A phone and email message will be sent to all parents/guardians and staff. School cancellation will be broadcast on TV channels 4, 5, 7 and Fox 25, and on the Radio stations WBZ, WRKO, WCVB.

Home/School Communication:

- ***Open House:*** Parents and guardians are invited in the fall to meet their child's teacher(s) and to visit the classroom for an informational meeting. Teachers address parents/guardians with reference to grade-level exceptions and activities.
- ***Parent/Guardian-Teacher Conferences:*** A parent/guardian-teacher conference is held in early to mid November. At that time, the child's progress is discussed. Ten-minute conference times are arranged jointly by parents/guardians and the teacher and are held during one afternoon and one evening session. Additional conferences, in person or on the phone, may be requested by parents/guardians or teachers and scheduled for a mutually convenient time.
- ***Open Communication and Volunteerism in Milton Public Schools:*** The administration, faculty, and staff of Milton Public Schools support and appreciate a philosophy of open communication and volunteerism among our students' parents and guardians. We have very dedicated and involved Parent-Teacher Organizations. As prescribed by the Education Reform Act of 1993, a School Site Council will be chosen to work in collaboration with our staff and PTO. We also encourage parents/guardians to become involved in their children's education through communication and volunteerism within our school. All volunteers must complete a CORI form two weeks prior to the date of volunteering.
- ***Room Parents/Guardians:*** Room parents/guardians assigned to classrooms will be active liaisons between parents/guardians, teachers, and the PTO. The room parents/guardians will maintain homeroom lists, ensure that notices are distributed, be available to answer questions from parents/guardians about class and school activities, and assist the teacher with some classroom activities. Two parents/guardians may share this position. If more people respond, a lottery is held to determine the room parents/guardians.
- ***Absences:*** Please call the **School Office** to report your child's absence from school due to illness.
- ***Absence Notification:*** Notes identifying the nature of your child's illness or other reasons for his/her absence are required upon returning to school.
- ***Emergency Contact Information:*** Parents/ guardians must provide updated emergency contact information. This information includes a name, an address, and a telephone number of a relative or neighbor who can be contacted in an emergency. **THIS SHOULD BE SOMEONE YOUR CHILD KNOWS AND TRUSTS.**
- ***ParentPlus Accounts:*** Parents/Guardians are encouraged to use their ParentPlus Portal. Login information will be emailed at the beginning of each school year. Communication between the Principal's office and home will be done through the school's website, e-mail, and ParentPlus Portal. Many teachers will also communicate through the ParentPlus Portal.

Attendance:

Regular attendance every day is critical to students' academic achievement and future success. It has been well established that students who regularly attend school are less likely to drop out of school and more likely to graduate. Massachusetts General Law Title XII, Chapter 76, Section 2 states that students must regularly attend school. **Parents/guardians** must provide the school with accurate contact information and must inform the school when their child/children will be absent. Further, M.G.L. c76, Section 2, states that parents/guardians

who unlawfully keep their children out of school may face penalties. Given the detrimental effects of excessive absences and the school's legal responsibility to ensure that all students attend school, the following will be adhered to:

Although any absence from school is a disruption both to the student's learning and, often times, to that of other students, we do recognize that students may need to be absent from school. Acceptable reasons for being absent from school include the following:

- Student illness
- Medical appointment for the student that could not be scheduled outside of school hours
- Death in the family
- Observance of a religious holiday
- Court appearance for the student

Please note: Although we do recognize that family vacations are valuable in fostering cohesive family structures, all family vacations should be scheduled during school vacations, weekends, and summer vacation. Missing school due to a family vacation is an unacceptable reason for being absent from school.

If unacceptable absences accumulate, school administration may file a CRA (Child Requiring Assistance) petition on behalf of the student with the Quincy Juvenile District Court. All School officials are mandated reporters and concerned for the well-being of all children at all times. If at any time there is any evidence of abuse or neglect, the Department of Children and Families will be contacted by a school administrator, as required by law.

If a student is absent, it is expected that his/her parents/guardians notify the main office or send in a note explaining the absence to the homeroom teacher upon the student's return to school.

Notification: Parents and guardians will be notified about a child's absence if the school has not received notification of the absence from the parent or guardian within 3 days of the absence.

Action Steps to Address Attendance Concerns: Parents and guardians will be notified when a student has at least 5 days in which the student has missed 2 or more periods unexcused in a school year or when a student has missed 5 or more school days unexcused in a school year. The parents/guardians and student will be invited to a meeting to develop a plan to improve attendance. State agencies may also be invited.

In addition to being in school every day, it is equally important to be on time every day. Please make sure that your child comes to school and arrives on time daily. Continued interruptions, whether it is an absence or tardy to school, have a negative impact on your child's learning as well as the learning of others. If your child is late to school, he/she should have a note indicating why he/she is late.

Residency:

It is our expectation that every child who is enrolled in the Milton Public Schools resides in the Town of Milton. It is the responsibility of every parent/guardian to notify the school of any changes with residency or emergency contact information that may take place throughout the year. The Milton Public Schools will send school notices and student academic information to the address provided from your child's emergency information card which will be completed during the first week of school. This holds true for contacting parents/guardians by phone as well.

Pursuant to Massachusetts law, you must actually reside within the Town of Milton to attend the Milton Public Schools. The Milton Public Schools will conduct an investigation if a question arises concerning your residency (M.G.L., Chapter 76, Section 5). If you temporarily reside in Milton, which is not the legal residence of your

parent or guardian, for the special purpose of attending school within Milton, the Milton Public Schools may pursue tuition and restitution from your parent or guardian or any other person who assists you for the period of your attendance (M.G.L., Chapter 76, Section 6).

School Administrators are well aware of the fact that there are unforeseen changes in living situations which may occur during the school year. However, all parents/guardians must notify the school of all changes in address or emergency contact information.

If you have moved but still reside in the Town of Milton, you **must** come into the main office and request the necessary paperwork to re-establish residency.

Celebrations

Although we fully understand the joy that celebrations can bring for a child, celebrations (including birthdays) are typically disruptive to the educational process. Please do not send in treats or other items to school. Please do not drop off lunches to be shared with your child and his/her friends (i.e. pizza, etc.). In addition, students should not distribute invitations for any personal event at school. We thank you for your cooperation

Homework and Reading Policy:

Goal

The Milton Public Schools' Homework and Reading Policies are grounded in the belief that regular, meaningful homework assignments and reading are necessary for student learning and can provide extra time for learning. Homework should build on classroom work and should include practical suggestions for family activities that support student learning.

What Parents/Guardians Can Expect

Homework will be assigned Monday through Thursday for all grades as well as over the weekend for grades 4 & 5. Weekend assignments will be flexible in nature so that they can be completed regardless of family activities. In addition, they will not exceed one night's homework as described below.

Reading Policy

In addition to homework, all students will be expected to participate in outside reading on a daily basis. The reading material will be of the students' choice. The purpose of this outside reading is to foster an enjoyment for pleasure reading, and to prepare students for the Summer Reading Program. In addition, it is the parents'/guardians' responsibility to see that this outside reading is occurring on a regular basis. Individual teachers will decide how to check on students' outside reading.

Homework and Reading Time Expectations

The following chart summarizes the average amount of time necessary, by grade level, to achieve the above-mentioned goals.

Grade Level and Subject Areas	Minimum to Maximum Time (Homework)	Minimum to Maximum Time (Reading)
Kindergarten	Parents/guardians are encouraged to work with their child 20-30 minutes a day.	10-20 minutes (read to by or with a parent/guardian)
Grade 1 – All core subjects	20-30 minutes	10-20 minutes (read to by or with a parent/guardian or independently)
Grade 2 – All core subjects	30-45 minutes	20-30 minutes

Grade 3 – All core subjects	45-60 minutes	20-30 minutes
Grade 4 – All core subjects	60-75 minutes	20-30 minutes
Grade 5 – All core subjects	60-75 minutes	20-30 minutes

Summer Reading

The Milton Public Schools' Summer Reading Program is an extension of our commitment to a challenging education for all our students. Parents/guardians should encourage their children to visit local libraries and bookstores and to read a wide selection of books over the summer. Such extensive reading will broaden children's interests and maintain and strengthen their reading skills. The following are summer reading requirements:

Kindergarten, Grade One, and Grade Two – a minimum of 30 minutes per day.

Grades Three, Four, and Five – a minimum of 60 minutes per day.

Family Educational Rights and Privacy Act (FERPA):

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that the Milton Public Schools, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the Milton Public Schools may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Milton Public Schools to include this type of information from your child's education records in certain publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's/guardian's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the *Elementary and Secondary Education Act of 1965 (ESEA)* to provide military recruiters, upon request, with three directory information categories--names, addresses, and telephone listings--unless parents/guardians have advised the LEA that they do not want their student's information disclosed without their prior written consent.

The Milton Public Schools, upon request and without the consent of the eligible student or parent, will provide student records to authorized school personnel of the school to which a student seeks or intends to transfer.

If you do not want the Milton Public Schools to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing.

The Milton Public Schools has designated the following information as directory information:

- student's name,
- address, telephone listing,
- date of birth,
- major field of study,
- dates of attendance,

- weight and height of members of athletic teams,
- class, participation in officially recognized activities and sports,
- degrees, honors and awards, and post-high school plans

Directory Information does not include the following information:

- Immigration or citizenship status
- Passport information
- Visa information
- Social security numbers
- Place of birth
- Primary language

Security Camera System Policy

The Milton Public Schools seeks to promote and foster school safety and a safe and effective educational and work environment. School facilities and their contents, constitute one of the greatest investments of the community. The School Committee believes it to be in the best interest of students and taxpayers for the district to exert every reasonable means to protect the investment adequately.

Pursuant to this policy, the Milton School Committee authorizes the use of interior and exterior security cameras in school district buildings and on its property to ensure the health, welfare and safety of all students, staff and visitors, to deter theft, vandalism and other negative behavior, to safeguard district buildings, grounds and equipment, and to monitor unauthorized individuals in or on school property.

MPS acknowledges that there exists an expectation of privacy in various locations within and on the MPS facilities including within the lavatories, changing rooms/locker rooms, and in the nurse's offices.

Internal and external security cameras shall be placed in public areas only such as hallways, athletic areas, large public gathering spaces, parking lots and public walkways where the potential for criminal activity is greatest (false fire alarm pulls, graffiti, vandalism, backpack and personal belonging theft, personal violence etc.).

Camera use is prohibited in any location where there is an expectation of privacy or in educator/administrative private offices, department offices, conference rooms, and staff lounges.

The district shall notify students and staff through student and employee handbooks and appropriate signage that security cameras have been installed and may be used at any time.

Programming and Accountability

Two Stream Curriculum:

At the end of the Kindergarten year, parents/guardians have a choice of two Curricula within the Milton Public Schools: The English Innovation Pathway and French Immersion. All students in a given grade level come together for lunch and recess. In addition, students are integrated for cultural events, assemblies, field trips, and special programs. Milton Public Schools follows the Massachusetts Curriculum Frameworks, which is available on the Department of Elementary and Secondary Education website.

- ***The English Innovation Pathway*** involves a curriculum that emphasizes the mastery of the core elements of education including technology, science, engineering and math (STEM). The integration of STEM is done in a hands-on, developmentally appropriate way to help the child become proficient in areas that are integral in preparing them to work and live in a rapidly changing world. Through participating in STEM activities, students apply the rigor of science, technology, engineering and mathematics content in problem-based learning activities that tap into a child's natural curiosity. The Milton Public Schools STEM curriculum uniquely integrates lessons in science, technology, engineering and math using the Lego WeDo Robotics Program. Collaboration and critical-thinking skills are emphasized as students work together to solve real-world problems by engaging in the engineer-design process. In addition, students learn computer-programming skills by using drag-and-drop programming software designed for elementary age students. Children enrolled in the English Innovation Pathway will participate in STEM activities through grade five.

Children in the English Innovation Pathway also receive Spanish instruction. The Elementary Spanish Program's objectives are to build listening, reading, writing and speaking skills; to develop a positive attitude towards language learning; and to foster an appreciation of other people and cultures. Students who have completed all five years at the Elementary level are placed in Spanish 1-B in Middle School. Thanks to the Elementary Spanish Program students are able to complete the equivalent of two years of High School Spanish at the Middle School.

- ***French Immersion:*** In grades one and two of the Milton Immersion Program, French is the primary language of instruction in the classrooms. In grades three and four, one half of the instruction is in English, and one half is in French – Social Studies and Science are taught in French, Math is taught in English, and the Language Arts curriculum is divided equally between English and French instruction. In grade five, approximately 70% of the curriculum is taught in English with 30% being taught in French; Science, Math, and a portion of the Language Arts curriculum are offered in English. In all grades, Art, Music, and Physical Education are taught in English. Students who graduate from the Milton Public School's French Immersion Program will understand, speak, read, and write French with a high level of language proficiency. Students will develop a positive attitude towards language and foster an appreciation of other people and cultures.

Services for Students with Disabilities

Special Education

- ***General Responsibilities:*** The Milton Public Schools provides special education and related services for eligible students in accordance with state and federal law. We provide reasonable accommodations that permit all students to fully access the school's facilities and services.
- ***Available Services:*** Special education services may include, but are not limited to, specialized reading instruction, math remediation, speech and language therapy, and physical and occupational therapy for eligible students. Students who are found, after evaluation, to be eligible for special education services will receive an Individualized Education Plan (IEP) developed by the Special Education Team, which includes parents/guardians, teachers, and specialists involved with the child.

Section 504

The Milton Public School District acknowledges its responsibility under Section 504 to avoid discrimination in policies and practices regarding its personnel and students. No discrimination against any person with a disability shall knowingly be permitted in any program or practices in the school district.

Section 504 of the Rehabilitation Act of 1973 covers qualified students with disabilities who attend schools receiving Federal financial assistance. Section 504 requires that school districts provide a free appropriate

public education (FAPE) to qualified students in their jurisdictions who (1) have a physical or mental impairment that substantially limits one or more major life activities; or (2) have a record of such an impairment; or (3) be regarded as having such an impairment.

A physical or mental impairment is defined as any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive; digestive; genito-urinary; hemic and lymphatic; skin; and endocrine; or any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities. This list is not exhaustive.

Major life activities include functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working. This list is not exhaustive. In the ADA Amendments Act 2008 Congress provided additional examples of general activities that are major life activities, including eating, sleeping, standing, lifting, bending, reading, concentrating, thinking, and communicating. Congress also provided a non-exhaustive list of examples of "major bodily functions" that are major life activities, such as the functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions. An impairment that is episodic or in remission, is also considered a disability if it would substantially limit a major life activity when active.

Under Section 504, the school district has the responsibility to identify, evaluate, and if the student is determined to be eligible under Section 504, to afford access to appropriate educational services.

If the parent/guardian disagrees with the determination made by the professional staff of the school district, he/she has the right to a hearing with an impartial hearing officer. Any questions concerning the implementation of policy and procedures may be directed to:

Guidance and Counseling:

- ***Individual Counseling:*** "As needed," the guidance or adjustment counselor will work with children on an individual basis to address personal issues that impact the ability of students to be successful at school. . Concerns relevant to self-esteem, behavior, family changes, or other developmental issues are addressed. The counselor works closely with parents/guardians to meet the individual child's social/emotional needs. This counseling service is a regular education service available to all students. Eligible special education students may receive counseling as part of their IEP.

Health & Wellness

Health Services:

In 2004 the National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP) defined health services as:

- Services provided for students to appraise, protect and promote health
- Services that are designed to ensure access or referral to primary health care services or both
- Foster appropriate use of primary health care services, prevent and control communicable disease and other health problems
- Provide emergency care for illness or injury
- Provide educational and counseling opportunities for promoting and maintaining individual, family and community health

The school nurse is committed to minimize health related barriers to learning and promote each student's maximum learning opportunities. Massachusetts State Law mandates regular health screenings at school which include vision, hearing, scoliosis, and Body Mass Index (BMI). Screenings do not take the place of regular primary care provider examinations. The purpose of the screening programs is to identify possible problems that may interfere with student success and make appropriate referrals for assessments and treatment. A strong communication network between school nurse, parents/guardians and primary care providers is essential.

In case of illness or emergency, parent/guardian will be notified by the school nurse or other staff member. Parents/guardians MUST provide the school with emergency contact information in case they cannot be reached. It is imperative to keep your child's "Emergency Card" up to date. In many instances time is critical for the student.

Physical Examinations:

All students entering kindergarten and all new enrollees are required to present proof of a physical exam that has been completed within one year of school entry. Documentation of a physical exam is required again in Grades 1, 4, 7, and 10. These three year intervals allow a regular and predictable review of each student with attention paid to potential health concerns.

Immunizations:

Immunizations are required by Massachusetts State Law for children to attend pre-kindergarten through grade 12. According to state law "no student shall be admitted or be allowed to remain in school unless they satisfy these requirements." The school nurse is required to keep an immunization and health record for each student enrolled in the district. A history of a disease specific diagnosis by a primary care provider will be accepted in lieu of the immunization (i.e., chicken pox) for all vaccine preventable diseases except rubella. If a parent/guardian has a religious belief that is in conflict with the state law, the school nurse can provide the appropriate form for parent/guardian to complete. This form is required to be completed annually.

Medication at School:

The delivery of medication at school is regulated by the Department of Public Health and has specific guidelines in place for the health and safety of the student as well as confidentiality. Any student taking medication in school on a regular basis must have a new permission form signed by the parent/guardian and the prescribing physician every year. Medication must be provided to the school nurse in a pharmacy or manufacturer labeled container. **When getting the original prescription at the pharmacy, please ask for a second container with all the prescribing information attached so medication can be left at school.**

Short-term medication (10 days or less), prescription or non-prescription will only be given if the proper permission forms are signed and dated by parent and physician if necessary. When your child needs medication at school, please act quickly to follow these policies so the school nurse may begin to dispense the medication as soon as possible. Please contact your school nurse to discuss the scheduling of medication or any health issue pertaining to your child.

The school nurse may permit self-medication of prescription medication by a student to treat asthma, cystic fibrosis, diabetes or allergic reaction provided that certain requirements are met. Please contact the school nurse for more information.

All medication forms are on the Milton Public Schools Edline web page, www.miltonps.org and are in this handbook.

Allergies or Chronic Health Care Issue:

If your child has **ANY** type of allergy, including food allergy, or other chronic health issue, please schedule an appointment to meet with the school nurse and, if necessary, the classroom teacher to plan appropriate responses and determine if medication needs to be kept at school and if an Individual Health Care Plan or a 504 Plan is appropriate.

First Aid:

First aid delivery and assessment of injuries is part of the school nurse's role as children learn to apply safety within their own environment. When appropriate, the school nurse will contact parent/guardian if a student is injured. An explanation of the injury and the nursing care provided will be discussed. The need for parental/guardian follow up will also be assessed with this communication. In emergency situations, the school nurse may arrange for emergency medical treatment.

Illness:

Occasionally a child is kept home from school for illness. A child with vomiting or diarrhea should be kept home from school until symptoms have subsided for 24 hours, the child is able to take nourishment, and is sleeping through the night. If diarrhea or vomiting persists, consult your primary care provider. If cold or cough symptoms are associated with a fever, the child should NOT come to school. If symptoms do not readily improve, contact your primary care provider. Your child may attend school if there is no fever and the child is sleeping through the night. Your primary care provider should evaluate a sore throat in conjunction with a fever. Children treated for strep throat may return to school after 24 hours on an antibiotic. Please notify the main office/health office if your child is absent from school due to illness.

Communicable Disease:

When your child has a communicable disease, please contact the school nurse for information regarding the length of time the child should remain at home and documentation of treatment to be able to return to school.

- Head Lice: Arrangements can be made with any school nurse to examine a student in an effort to assist parent/guardian in treatment and follow-up.
- Conjunctivitis (Pink Eye): Do not send your child to school until 24 hours after treatment is started. Request a note from your primary care provider to ensure your child's attendance.
- Chicken Pox: Chicken Pox is a very contagious viral infection. It begins with a mild fever and rash that presents as small "red bumps." You must keep your child home from school for seven days from the appearance of the rash and 24 hours without a fever. Please notify the school nurse.

Vision, Hearing, and Height/Weight Screening:

Vision and hearing screenings and height/weight measurements are mandated programs. Vision screening is done every year in grades K through grade 5. Hearing screening is done in every grade K through grade 3 and for any student on an IEP in grades 4 and 5. Height and Weight shall be measured for students in grades, 1,4,7, and 10 and that the student's Body Mass Index (BMI) score and corresponding percentile are calculated. Children who have difficulty with the initial screening are re-screened prior to a referral being made to the parent/guardian for an evaluation by the child's primary care provider or appropriate specialist.

Scoliosis:

Scoliosis is a postural defect of the spine. Left untreated scoliosis can cause neck and back pain from postural deformities. The Massachusetts screening program begins in grade 5 for both boys and girls and is ongoing every year through grade 9. Postural screenings have dramatically reduced the incidence of surgical intervention for spinal deformities. Early detection is promoted by the American Academy of Orthopedic Surgeons and the American Academy of Pediatrics.

Individual Health Care Plan:

An Individual Health Care Plan (IHCP) is developed by the school nurse in collaboration with the parent/guardian and, if appropriate, the primary care provider. With parent/guardian approval, the plan is shared with the appropriate staff. This provides a safe learning environment for the child and educates the staff on necessary measures for the health and safety of the student. The increasingly complex health care needs of children in school have created an opportunity for all involved to eliminate barriers in the best interest of the student. Partnership of student, parent/guardian and staff enhances the child's ability to learn and participate in the school setting. In certain circumstances, students with health care needs may be referred for a 504 plan.

Teaching about Alcohol, Tobacco, and Drugs

In accordance with state and federal law, the Milton Public Schools shall provide age-appropriate, developmentally appropriate, evidence-based alcohol, tobacco, and drug prevention education programs in grades K-12. The alcohol, tobacco, and drug prevention program shall address the legal, social, and health consequences of alcohol, tobacco, and drug use, with emphasis on nonuse by school-age children. The program also shall include information about effective techniques and skill development for delaying and abstaining from using, as well as skills for addressing peer pressure to use alcohol, tobacco, or drugs. (See Milton School Committee Policy IHAMA)

School PTO

Purpose and Mission: The purpose of the PTO is to promote the welfare of the children through a united effort between parents/guardians and teachers, in order to assure the greatest possible educational advantage. Through fundraising efforts, the PTO has been able to provide additional programs and activities, which enhance the education of our children. The PTO sponsors cultural and social events for students, thereby reducing field trip expenses. All monies raised by the PTO are used exclusively for school activities.

Membership: The organization is non-commercial, non-sectarian, and non-partisan. Any parent or guardian of pupils in the school may join the PTO. The PTO relies on members' support, both financial and at times volunteered, to achieve its goal: the enhancement of our children's education. The PTO is an organization that is separate from the Milton Public Schools.

Correspondence: All correspondence to the PTO, delivered via your child's backpack, should be sent in a clearly labeled envelope, with the name PTO Event.

Executive Board: The PTO Executive Board consists of a president (co-president), one vice president, recording and corresponding secretaries, a treasurer, an unlimited number of members-at-large, the school principal, and the chairpersons of the standing committees.

PTO Seasonal and Continuing Committees Overview: There are numerous seasonal and continuing committees under the auspices of the PTO. All can be co-chaired, and volunteers are always needed! Sign up sheets are attached to the membership form and are available at meetings and on the evening of Open House. The PTO encourages membership initiative in the development of new programs.

MPS Elementary Behavioral Expectations, Consequences, and Related Policies

Discipline in the Milton Public Schools is aimed at teaching students to be responsible for their actions, to work cooperatively with others, and to focus on their learning. Behavior that is dangerous, illegal, disrespectful, or offensive will not be tolerated. Please remember that all school rules apply whenever a student is involved in any school-related activity whether it is during the school day, in the evening, or on the weekend. School rules are in effect while a student is coming to and going home from school. Breaking the rules while involved in those activities may result in the same consequences as if the offense took place in school.

The Code of Conduct is based on a system of progressive discipline with a goal of limiting the use of long-term suspension as a consequence for student misconduct until other consequences have been considered, as appropriate. The administrator will exercise discretion in determining disciplinary consequences. The administrator may utilize his/her discretion to significantly increase penalties in the cases of second and third offenses or for other factors. In determining the severity of the penalty or suspension, the appropriate administrator may consider all relevant facts, including but not limited to: 1) previous disciplinary record, 2) severity of disruption to the educational process, 3) degree of danger to self and/or others, 4) the degree to which the student is willing to change his/her inappropriate behavior and 5) whether alternative consequences are appropriate to re-engage the student in learning. Alternative consequences may include the use of evidence-based strategies and programs such as mediation, conflict resolution, restorative justice, and positive behavioral interventions and supports.

Consequences:

Unsafe and/or inappropriate behavior or behavior that prevents other students from learning will result in consequences including: time-out, meeting with parents/guardians, loss of privileges, behavior contracts, restitution, in-school and out-of-school suspensions. Unsafe or inappropriate behavior on the school bus either to or from school or during field trips may result in temporary or permanent removal from the school bus, as determined by the school Principal. The Principal reserves the right to impose different, including more significant, consequences in appropriate situations. Please review the following carefully with your child(ren).

School- Based Rules:

1. Be respectful to all people.
2. Do not act like a bully. Treat others the way you want to be treated.
3. Respect school property.
4. Work hard and do your best to learn.
5. Always walk quietly in school.
6. Follow the directions of **all** school staff.
7. Do not bring toys, video games, cell phones, electronic equipment, or other valuables to school.
8. Remove hats and hoods before entering the building. Follow the school dress code.

Bus Rules:

In addition to the applicable above stated rules, students who ride the bus must:

1. Be seated at all times and face forward.
2. Use quiet voices and listen to the bus driver at all times.
3. Keep their hands, feet, and all objects to themselves and inside the bus.
4. Respect the bus driver, follow his/her directions, and be respectful to other students.
5. Eating food and drinking drinks, with the exception of water, is prohibited on all school bus/vans in the Milton Public Schools.

OTHER RULES TO REMEMBER

Please remember that all school rules apply whenever you are involved in any school-related activity whether it is during the school day, in the evening, or on the weekend. You must also remember that school rules are in effect while you are coming to and going home from school. Breaking the rules while involved in those activities may result in the same consequences as if the offense took place in school. Students may be disciplined for conduct or acts committed on school grounds, in the area around the school grounds, while engaged in or attending a school activity, or while going to or returning home from school or a school activity.

Students may also be disciplined for conduct or acts committed away from school at other times if the conduct or act is related to the school, adversely affects school discipline, creates a hostile or unwelcome environment at school, or is detrimental to the general welfare of the school.

Disciplinary Due Process Procedures

ELIGIBILITY TO PARTICIPATE IN SCHOOL ACTIVITIES AND EVENTS

Extra-curricular activities and events are an important part of the educational experience for our students, but participation in these activities is a privilege, not a right. The variety of clubs, activities and events is extensive and students are encouraged to become involved in one or more of these opportunities.

Participation in clubs and activities at Milton Public Schools and attending school-sponsored, school-related events is a privilege afforded to students who remain in good standing. To participate in school activities, events and clubs, students are expected to maintain good attendance and demonstrate good behavior and citizenship during school and at school-sponsored events. Eligibility for participation in activities, events, clubs, awards, scholarships and honorary positions at Milton Public Schools is limited to students who are currently enrolled in and attending Milton Public Schools in good standing. Students not meeting these expectations may be excluded at the discretion of the Principal or his/her designee. A student's removal from extracurricular activities and attendance at school sponsored events is not subject to the procedural requirements of Massachusetts Laws Chapter 37H ¾ (Principal's Hearing). The removal is not a suspension for the purpose of counting the school days that a student is suspended. Parents will be notified when a student is removed or excluded from extracurricular activities.

SUSPENSIONS

The Milton Public Schools adheres to the Student Discipline Laws and Regulations as set forth in Massachusetts General Laws Chapter 37H, 37 H1/2 and 37 H ¾ and 603 CMR 53.00 et seq.

IN-SCHOOL SUSPENSION PROCEDURES:

A student may be removed from regular classroom activities, but not from the school premises, for up to ten (10) consecutive school days or up to ten (10) school days cumulatively for multiple infractions during the school year. Students who are placed in in-school suspension shall have the opportunity to earn credits, make up assignments, tests, papers, and other school work as needed to make academic progress during the in-school suspension.

A student who is unable to consistently adhere to acceptable classroom standards in a particular class may be removed from the class permanently and assigned to a different class at the discretion of the principal and/or his/her designee.

Notice of In-School Suspension:

The principal or his/her designee shall inform the student of the disciplinary offense charged and the basis for the charge, and provide the student with an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident. If the principal or his/her designee determines that the student committed the disciplinary offense, the principal or his/her designee shall inform the student of the length of the student's in-school suspension, which shall not exceed ten (10) days, cumulatively or consecutively, in a school year.

On the same day as the in-school suspension decision, the principal or his/her designee shall make reasonable efforts to notify the parent orally of the disciplinary offense, the reasons for concluding that the student committed the infraction, and the length of the in-school suspension.

On the day of the suspension, the principal or his/her designee shall send written notice (by hand-delivery, certified mail, first class mail or email) to the student and parent including the reason and the length of the in-school suspension, and inviting the parent to a meeting if the meeting has not already occurred. The notice shall be in English and the primary language of the home if another language is identified in the home language survey, or by other means, as appropriate.

Parent Meeting:

The principal or his designee shall also invite the parent to a meeting to discuss the student's academic performance and behavior, strategies for student engagement, and possible responses to the behavior. Such meeting shall be scheduled on the day of the suspension if possible, and if not, as soon thereafter as possible. If the principal or his/her designee is unable to reach the parent after making and documenting at least (2) attempts to do so, such attempts shall constitute reasonable efforts for purposes of orally informing the parent of the in-school suspension.

No Right to Appeal:

The decision of the Principal or his/her designee is the final decision for in-school suspensions not exceeding ten (10) days, consecutively or cumulatively during a school year.

OUT-OF-SCHOOL SUSPENSION PROCEDURES UNDER 37 H 3/4:

Due Process Procedures for Out-of-School Suspensions:

There are two types of out-of-school suspensions, Short-Term Suspensions and Long-Term Suspensions. The principal or his/her designee shall determine the extent of the rights to be afforded the student at a disciplinary hearing based on the anticipated consequences for the disciplinary offense. If the consequence may be long-term suspension from school, the principal or his/her designee shall afford the student, additional rights as described below, in addition to those rights afforded to students who may face a short-term suspension from school. All students facing out-of-school suspension shall have the right to oral and written notice, as described below.

Notice for Any Out-of-School Suspension:

Prior to suspending a student, the Principal or his/her designee will provide the student and the Parent oral and written notice of the possible suspension, an opportunity for the student to have a hearing and the opportunity of the Parent(s) to participate in the hearing. The notice will be in English and in the primary language of the home if other than English as identified in the home language survey, or by other means of communication where appropriate. The notice will set forth in plain language:

- (a) the disciplinary offense;
- (b) the basis for the charge;
- (c) the potential consequences, including the potential length of the student's suspension;

- (d) the opportunity for the student to have a hearing with the principal or his designee concerning the proposed suspension, including the opportunity to dispute the charges and to present the student's explanation of the alleged incident, and for the parent to attend the hearing;
- (e) the date, time, and location of the hearing;
- (f) the right of the student and the student's parent to interpreter services at the hearing if needed to participate;
- (g) if the student may be placed on long-term suspension following the hearing with the principal:

1. the rights set forth in 603 CMR 53.08(3)(b) ; and
2. the right to appeal the principal's decision to the superintendent.

The principal or his/her designee shall make reasonable efforts to notify the parent orally of the opportunity to attend the hearing. Prior to conducting a hearing without the parent present, the principal or his/her designee will document reasonable efforts to include the parent. The principal or his/her designee is presumed to have made reasonable efforts if the principal or his/her designee has sent written notice and has documented at least two (2) attempts to contact the parent in the manner specified by the parent for emergency notification.

Written notice to the parent may be made by hand delivery, first-class mail, certified mail, email to an address provided by the parent for school communications, or any other method of delivery agreed to by the principal and parent.

Emergency Removal of Student:

Under certain emergency circumstances, it may not be practical for the principal or his/her designee to provide prior oral and written notice before removing a student from school. The principal or his/her designee may remove a student from school temporarily when a student is charged with a disciplinary offense and the continued presence of the student poses a danger to persons or property, or materially and substantially disrupts the order of the school, and, in the principal's (or his/her designee's) judgment, there is no alternative available to alleviate the danger or disruption. The principal or his/her designee will immediately notify the superintendent in writing of the removal and the reason for it, and describe the danger presented by the student. The temporary removal shall not exceed two (2) school days following the day of the emergency removal, during which time the principal shall:

- (a) Make immediate and reasonable efforts to orally notify the student and the student's parent of the emergency removal, the reason for the need for emergency removal, the disciplinary offense, the basis for the charge, the potential consequences, including potential length of suspension, the opportunity for a hearing including the date/time/location of the hearing, the right to interpreter services, and other rights permitted for students who may be placed on long-term suspension as set forth in 603 CMR. 53.08(3)(b);
- (b) Provide written notice to the student and parent, including the information described in 603 CMR 53.06(2);
- (c) Provide the student an opportunity for a hearing with the principal or his/her designee that complies with 603 CMR 53.08(2) or 53.08(3), as applicable, and the parent an opportunity to attend the hearing, before the expiration of the two (2) school days, unless an extension of time for hearing is otherwise agreed to by the principal, student, and parent.
- (d) Render a decision orally on the same day as the hearing, and in writing no later than the following school day, which meets the requirements of 603 CMR 53.08(2)(c) and 53.08(2)(d) or 603 CMR 53.08(3)(c) and 53.08(3)(d), as applicable.

A principal will not remove a student from school on an emergency basis for a disciplinary offense until adequate provisions have been made for the student's safety and transportation.

SHORT-TERM SUSPENSION PROCEDURES UNDER 37 H 3/4:

A Short-Term Suspension is the removal of a student from the school premises and regular classroom activities for ten (10) consecutive school days or less. The principal, or his/her designee, may, in his or her discretion, allow a student to serve a short-term suspension in school. Any student facing a potential short-term suspension is entitled to a hearing with the Principal or his/her designee with the following process:

Principal Hearing - Short-term Suspension:

(a) The purpose of the hearing with the principal or his/her designee is to hear and consider information regarding the alleged incident for which the student may be suspended, provide the student an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident, determine if the student committed the disciplinary offense, and if so, the consequences for the infraction. At a minimum, the principal or his/her designee shall discuss the disciplinary offense, the basis for the charge, and any other pertinent information. The student also shall have an opportunity to present information, including mitigating facts that the principal or his/her designee should consider in determining whether other remedies and consequences may be appropriate as alternatives to suspension. The principal or his/her designee shall provide the parent, if present, an opportunity to discuss the student's conduct and offer information, including mitigating circumstances, that the principal should consider in determining consequences for the student.

(b) Based on the available information, including mitigating circumstances, the principal or his/her designee shall determine whether the student committed the disciplinary offense, and, if so, what remedy or consequence will be imposed.

(c) The principal or his/her designee shall notify the student and parent of the determination and the reasons for it, and, if the student is suspended, the type and duration of suspension and the opportunity to make up assignments and such other school work as needed to make academic progress during the period of removal, as provided in 603 CMR 53.13(1). The determination shall be in writing and may be in the form of an update to the original written notice.

(d) If the student is in a public preschool program or in grades K through 3, the principal shall send a copy of the written determination to the superintendent and explain the reasons for imposing an out-of-school suspension, before the short-term suspension takes effect.

No Right to Appeal:

The decision of the Principal or his/her designee is the final decision for short-term out-of-school suspensions not exceeding ten (10) days, consecutively or cumulatively during a school year.

LONG-TERM SUSPENSION PROCEDURES UNDER 37 H 3/4:

A Long-Term Suspension is the removal of a student from the school premises and regular classroom activities for more than ten (10) consecutive school days, or for more than ten (10) school days cumulatively for multiple disciplinary offenses in any school year. The principal or his/her designee, in his or her discretion, may allow a

student to serve a long-term suspension in school. Except for students who are charged with a disciplinary offense set forth in Massachusetts General Laws Chapter 71, §37 H, or in Massachusetts General laws Chapter 71 § 37H ½, no student may be placed on long-term suspension for one or more disciplinary offenses for more than ninety (90) school days in a school year beginning with the first day that the student is removed from school. No long-term suspension shall extend beyond the end of the school year in which such suspension is imposed. Any student facing a potential long-term suspension is entitled to a hearing with the Principal or his/her designee with the following process

Principal Hearing - Long-term Suspension:

(a) The purpose of the hearing with the principal or his/her designee is to hear and consider information regarding the alleged incident for which the student may be suspended, provide the student an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident, determine if the student committed the disciplinary offense, and if so, the consequences for the infraction. At a minimum, the principal or his/her designee shall discuss the disciplinary offense, the basis for the charge, and any other pertinent information. The student also shall have an opportunity to present information, including mitigating facts, that the principal should consider in determining whether other remedies and consequences may be appropriate as alternatives to suspension. The principal or his/her designee shall provide the parent, if present, an opportunity to discuss the student's conduct and offer information, including mitigating circumstances, that the principal should consider in determining consequences for the student.

(b) In addition to the rights afforded a student in a short-term suspension hearing, the student shall have the following additional rights:

1. In advance of the hearing, the opportunity to review the student's record and the documents upon which the principal may rely in making a determination to suspend the student or not;
2. the right to be represented by counsel or a lay person of the student's choice, at the student's/parent's expense;
3. the right to produce witnesses on his or her behalf and to present the student's explanation of the alleged incident, but the student may not be compelled to do so;
4. the right to cross-examine witnesses presented by the school district;
5. the right to request that the hearing be recorded by the principal, and to receive a copy of the audio recording upon request. If the student or parent requests an audio recording, the principal shall inform all participants before the hearing that an audio record will be made and a copy will be provided to the student and parent upon request.

(c) The principal or his/her designee shall provide the parent, if present, an opportunity to discuss the student's conduct and offer information, including mitigating circumstances, that the principal should consider in determining consequences for the student.

(d) Based on the evidence, the principal or his/her designee shall determine whether the student committed the disciplinary offense, and, if so, after considering mitigating circumstances and alternatives to suspension, what remedy or consequence will be imposed, in place of or in addition to a long-term suspension. The principal or his/her designee shall send the written determination to the student and parent by hand-delivery, certified mail, first-class mail, email to an address provided by the parent for school communications, or any other method of delivery agreed to by the principal and the parent. If the principal or his/her designee decides to suspend the student, the written determination shall:

1. Identify the disciplinary offense, the date on which the hearing took place, and the participants at the hearing;
2. Set out the key facts and conclusions reached by the principal;
3. Identify the length and effective date of the suspension, as well as a date of return to school;
4. Include notice of the student's opportunity to receive education services to make academic progress during the period of removal from school;
5. Inform the student of the right to appeal the principal's decision to the superintendent or designee, but only if the principal has imposed a long-term suspension. Notice of the right of appeal shall be in English and the primary language of the home if other than English as determined by the home language survey, or other means of communication where appropriate, and shall include the following information stated in plain language:

a) the process for appealing the decision, including that the student or parent must file a written notice of appeal with the superintendent within five (5) calendar days of the effective date of the long-term suspension; provided that within the five (5) calendar days, the student or parent may request and receive from the superintendent an extension of time for filing the written notice for up to seven (7) additional calendar days; and that the long-term suspension will remain in effect unless and until the superintendent decides to reverse the principal's determination on appeal.

(d) If the student is in a public preschool program or in grades K through 3, the principal shall send a copy of the written determination to the superintendent and explain the reasons for imposing an out-of-school suspension, before the suspension takes effect.

Superintendent's Appeal Hearing:

(1) A student who is placed on long-term suspension following a hearing with the principal shall have the right to appeal the principal's decision to the superintendent.

(2) The student or parent shall file a notice of appeal with the superintendent within five (5) calendar days of the effective date of the long-term suspension; provided that within the five (5) calendar days, the student or parent may request and receive from the superintendent an extension of time for filing the written notice for up to seven (7) additional calendar days. If the appeal is not timely filed, the superintendent may deny the appeal, or may allow the appeal in his or her discretion, for good cause.

(3) The superintendent shall hold the hearing within three (3) school days of the student's request, unless the student or parent requests an extension of up to seven (7) additional calendar days, in which case the superintendent shall grant the extension.

(4) The superintendent shall make a good faith effort to include the parent in the hearing. The superintendent shall be presumed to have made a good faith effort if he or she has made efforts to find a day and time for the hearing that would allow the parent and superintendent to participate. The superintendent shall send written notice to the parent of the date, time, and location of the hearing.

(5) The superintendent shall conduct a hearing to determine whether the student committed the disciplinary offense of which the student is accused, and if so, what the consequence shall be. The superintendent shall arrange for an audio recording of the hearing, a copy of which shall be provided to the student or parent upon

request. The superintendent shall inform all participants before the hearing that an audio record will be made of the hearing and a copy will be provided to the student and parent upon request.

(6) The student shall have all the rights afforded the student at the principal's hearing for long-term suspension.

(7) The superintendent shall issue a written decision within five (5) calendar days of the hearing which meets the requirements of 603 CMR 53.08(3)(c)1 through 5. If the superintendent determines that the student committed the disciplinary offense, the superintendent may impose the same or a lesser consequence than the principal, but shall not impose a suspension greater than that imposed by the principal's decision.

(8) The decision of the superintendent shall be the final decision of the school district, with regard to the suspension.

A parent conference (re-entry meeting) with the Principal or his/her designee is strongly encouraged before students who are suspended return to school. This conference will be used to promote the engagement of the parents or guardians in discussions of the student's misconduct and to assist the student in re-engaging with the school community.

EXCLUSION/EXPULSION UNDER 37 H:

The exclusion or expulsion of a student from school will be in accordance with Massachusetts General Laws, Chapter 71, Section, 37H. The grounds for exclusion or expulsion include but are not limited to the following:

- a. Any student who is found on school premises or at school-sponsored or school-related events, including athletic games, in possession of a dangerous weapon, including, but not limited to, a gun, a knife, or their facsimile, or anything used in the commission of assault and battery; or a controlled substance as defined in Chapter 94 C, including, but not limited to, marijuana, cocaine, and heroin, may be subject to expulsion from the school or school district by the principal.
- b. Any student who assaults a principal, assistant principal, teacher, teacher's aide, or other educational staff on school premises or at school-sponsored or school-related events, including athletic games, may be subject to expulsion from the school or school district by the principal.
- c. Any student who is charged with a violation of either paragraph (a) or (b) shall be notified in writing of an opportunity for a hearing; provided, however, that the student may have representation, along with the opportunity to present evidence and witnesses at a hearing before the principal. After said hearing, a principal may, in his/her discretion, decide to suspend rather than expel a student who has been determined by the principal to have violated either paragraph (a) or (b).
- d. Any student who has been expelled from a school district pursuant to these provisions shall have the right to appeal to the superintendent. The expelled student shall have ten days from the date of the expulsion in which to notify the superintendent of his/her appeal. The student has the right to counsel at a hearing before the superintendent. The subject matter of the appeal shall not be limited solely to a factual determination of whether the student has violated any provisions of this section.
- e. If the student moves to another district during the period of suspension or expulsion, the new district of residence shall either admit the student to its schools or provide educational services to the student in an education service plan.

- f. Any student who is suspended or expelled pursuant to this section shall have the opportunity to earn credits, as applicable, make up assignments, tests, papers, and other school work as needed to make academic progress during the period of his or her removal.
- g. Any student who is suspended or expelled pursuant to this statute for more than ten (10) consecutive days shall have the opportunity to receive education services and made academic progress toward meeting state and local requirements, through the school-wide education service plan.

FELONY COMPLAINT OR CONVICTION UNDER 37 H 1/2:

Pursuant to Massachusetts General Laws Chapter 37 H ½, the following procedures shall be implemented for students charged with or convicted of a felony:

- a. Upon the issuance of a criminal complaint charging a student with a felony or upon the issuance of a felony delinquency complaint against a student, the principal or headmaster of a school in which the student is enrolled may suspend such student for a period of time determined appropriate by said principal or headmaster if said principal or headmaster determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of this right to appeal and the reasons for such suspension taking effect. Upon expulsion of such student, no school or school district shall be required to provide educational services to the student shall also receive written notification of this right to appeal and the process for appealing such suspension; provided however, that such suspension shall remain in effect prior to any appeal hearing conducted by the superintendent.
- b. The student shall have the right to appeal the suspension to the superintendent. The student shall notify the superintendent in writing of his request for an appeal no later than five calendar days following the effective date of the suspension. The superintendent shall hold a hearing with the student and the student's parent or guardian within three calendar days of the student's request for an appeal. At the hearing, the student shall have the right to counsel. The superintendent shall have the authority to overturn or alter the decision of the principal or headmaster, including recommending an alternate educational program for the student. The superintendent shall render a decision on the appeal within five calendar days of the hearing. Such decision shall be the final decision of the city, town, or regional school district with regard to the suspension.
- c. Upon a student being convicted of a felony or upon an adjudication or admission in court of guilt with respect to such felony or felony delinquency, the principal or headmaster of a school in which the student is enrolled may expel said student if such principal or headmaster determines that the student's continued presence in school would have a detrimental effect of the general welfare of the school. The student shall receive written notification of the charges and reasons for such expulsion prior to such expulsion taking effect. The student shall also receive written notification of his right to appeal and the process for appealing such expulsion; provided, however, that the expulsion shall remain in effect prior to any appeal hearing conducted by the superintendent.
- d. The student shall have the right to appeal the expulsion to the superintendent. The student shall notify the superintendent, in writing, of his request for an appeal no later than five calendar days following the effective date of the expulsion. The superintendent shall hold a hearing with the student and the student's parent or guardian within three calendar days of the expulsion. At the hearing, the student shall have the right to present oral and written testimony on his behalf, and shall have the right to counsel.

The superintendent shall have the authority to overturn or alter the decision of the principal or headmaster, including recommending an alternate educational program for the student. The superintendent shall render a decision on the appeal within five calendar days of the hearing. Such decision shall be the final decision of the city, town, or regional school district with regard to the expulsion.

- e. Any student who is suspended or expelled pursuant to this section shall have the opportunity to earn credits, as applicable, make up assignments, tests, papers, and other school work as needed to make academic progress during the period of his or her removal.
- f. Any student who is suspended or expelled pursuant to this statute for more than ten (10) consecutive days shall have the opportunity to receive education services and made academic progress toward meeting state and local requirements, through the school-wide education service plan.

EDUCATION SERVICES AND ACADEMIC PROGRESS UNDER SECTIONS 37H, 37H1/2 AND 37H3/4:

Any student who is serving an in-school suspension, short-term suspension, long-term suspension, or expulsion shall have the opportunity to earn credits, as applicable, make up assignments, tests, papers, and other school work as needed to make academic progress during the period of his or her removal from the classroom or school. The principal shall inform the student and parent of this opportunity in writing when such suspension or expulsion is imposed.

Any student who is expelled or suspended from school for more than ten (10) consecutive days, whether in school or out of school, shall have an opportunity to receive education services and make academic progress toward meeting state and local requirements, through the school-wide education service plan. A description of the school-wide education service plan is provided below.

The principal shall notify the parent and student of the opportunity to receive education services at the time the student is expelled or placed on long-term suspension. Notice shall be provided in English and in the primary language spoken in the student's home if other than English as determined by the home language survey, or other means of communication where appropriate. The notice shall include a list of the specific education services that are available to the student and contact information for a school district staff member who can provide more detailed information.

Dress Code:

Students are expected to dress appropriately for the business of learning. Student dress should not disrupt the educational process or interfere with the rights of others. Students should be dressed so that they will be comfortable sitting at their desks, sitting at work tables and sitting on the floor. Students should be appropriately dressed for outdoor or indoor recess as well. Students may not wear clothing which promotes controlled substances or is in some way determined by school staff to be offensive. Shirts must have shoulder straps at least two inches wide and must overlap the pants, skirt, or shorts. Shorts and skirts must be longer than where the student's fingertips fall. Pajamas are not allowed in school. Pants must fit at the waist. Students may not wear "heelies," shoe/roller-skate combinations. Students must remove hats and hoods before entering the building. For Physical Education class, students should wear closed athletic shoes and loose clothing. Exceptions to the prohibition against head coverings may be made for medical or religious reasons.

Use of Cell Phones and Other Electronic Devices:

Inappropriate/unauthorized use of cell phones and other electronic devices is a tremendous distraction from the learning process. Cell phones and other electronic devices should not be visible, heard, or on during the school day. If such devices are seen or heard, the item will be confiscated. A cell phone or electronic device that is used or is on during the school day, when not under teacher direction, will be forwarded to an administrator and a parent/guardian must meet with an administrator to retrieve the item. Cell phones may not be used to photograph or record teachers, staff or other students. Consequences for the unauthorized use or powering on of cell phones during the school day can or will result in a detention and if continues, possible further actions by the school. If continued violation of inappropriate cell phone usage were to occur, discipline will be progressive. School administrators may inspect the content of cell phones if there is a reasonable suspicion that school rules have been violated. Cell phones may also be inspected to ensure that they were not used for purposes of sending answers to tests/quizzes, home/class work or used to send inappropriate messages. This includes text-messaging. Furthermore, the school will **NOT** be responsible for damage, lost or stolen electronic device which is brought into the school. For the safety of our students and in order to maintain an environment conducive to learning, parents/guardians should **NOT** contact their student via cell phone or text message during school hours nor should students contact their parents via cell phone or text message during school hours. At no time should a child use his/her cell phone to contact a parent/guardian if they feel ill. If a child is ill, they should request permission to see the school nurse who will respond with appropriate medical attention and contact the parent/guardian if necessary. If there is some other emergency, the child should request permission to see his/her guidance counselor who, if deemed appropriate, will contact the parent/guardian.

Defacement of Property:

Any student who defaces school property will serve the appropriate consequence(s) as deemed warranted by school administration. In addition, as prescribed in MGL, Chapter 231, Section 85G, the student along with his/her parent/guardian will be held responsible (through action, financially, or a combination of both) for restoring the property to its original appearance.

Weapons on School Grounds:

Carrying a weapon or a mock weapon on school grounds can be punishable by suspension or expulsion from school. Appropriate consequence(s) will be administered by the Principal and Superintendent of Schools and law enforcement may be notified. In addition, MGL, Chapter 269, Section 10, provides that bringing a weapon on school grounds or in a school building is a crime punishable by a fine or by imprisonment.

Physical Restraint:

The Milton Public Schools has a protocol in regards to physical restraint that is implemented in all schools but specifically for special education programs. The Milton Public Schools and specifically programs that service students in high incidence programs (social-emotional programs) have a protocol in regards to physical restraint. If in fact an incident occurs that is a significant breach of the student code of discipline (inclusive of a necessitating a restraint), a formal Incident Report is written by the classroom teacher and program clinician. This report is then distributed to the building principal and to the parent of the child and may, in appropriate circumstances, be reported to the Department of Elementary and Secondary Education. This process is also inclusive of phone contact with parent at the time of the incident and corresponding parent meeting time for proper resolution.

Discipline of Students with Special Needs:

The discipline of students with special needs is governed by federal and state special education law and regulations promulgated there under. These laws include the Individuals with Disabilities Education Act, 20 U.S.C. § 1400, *et seq.*; 34 C.F.R. § 300.519-529 *et seq.*, and Massachusetts General Law c.71B.

The following is a summary of the rights and responsibilities of the Milton Public Schools and students with disabilities under these laws regarding student discipline. Complete information regarding the due process rights of students with disabilities and their parent(s) or guardian(s) may be found in the procedural safeguards notice available from Milton Public School personnel.

All Students are expected to meet the requirements for behavior as set forth in the student handbook. Federal and state laws require that additional provisions be made for students who have been found by an evaluation team to have special needs and whose program is implemented under an Individualized Education Plan (IEP) or a 504 Plan. The following requirements apply to the discipline of special needs students:

1. The principal or designee will notify the Special Education Office of the suspendable offense of a special needs student and a record will be kept of such notices.
2. A suspension of longer than 10 consecutive days or a series of suspensions that are shorter than 10 days but constitute a pattern are considered to represent a change in placement.
3. Prior to a suspension that constitutes a change in placement of a student with disabilities the Team will develop or review a functional behavioral assessment of the student's behavior to modify a behavior intervention plan or develop an assessment plan and to identify appropriate alternative educational settings. The Team will convene to determine whether the student's misconduct is a manifestation of his/her disability. A student's conduct is a manifestation of his/her disability if the conduct in question was caused by or had a direct and substantial relationship to the child's disability, or if the conduct in question was the direct result of the district's failure to implement the student's IEP or a 504 Plan.
4. If the Team determines that the student's misconduct IS a manifestation of his/her disability, the Team will convene to review the student's functional behavioral assessment and will create, review or modify as necessary the student's behavior plan and IEP or a 504 Plan. Under such circumstances, the student will be returned to his/her current placement unless the Team determines that another placement is required to provide the student with FAPE (free appropriate public education).
5. If the Team determines that the student's misconduct is NOT a manifestation of his/her disability, then the district may suspend or expel the student consistent with policies applied to any student without disabilities, except that the district must still offer an appropriate education program to the student with disabilities, which may be in an interim alternative setting.
6. Regardless of the manifestation determination, the district may unilaterally place the student in an interim alternative educational setting (as determined by the Team) for up to 45 school days under the following circumstances: 1) if the student carries or possesses a weapon to or at school, on school premises, or at a school function; 2) a student knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance while at school, on school premises, or at a school function; or 3) a student has inflicted serious bodily injury upon a person while at school, on school premises, or at a school function.
7. Milton Public Schools will provide written notice to the parent of all rights to appeal and to an expedited hearing. If the parent chooses to appeal, during the appeal the student stays put in the interim alternative placement, unless the parent and district agree otherwise.

Bullying Prevention Policy:

Please note: (The Milton Public Schools Bullying Prevention Policy can be viewed in its entirety on the Milton Public Schools website <http://www.miltonps.org>.)

It is the goal of the Milton School Committee and the Milton Public Schools to promote a learning atmosphere for students free from all forms of bullying. Because bullying affects not only students who are targets but also those who participate and witness such behavior, it is detrimental to student learning and achievement and will not be tolerated by the Milton Public Schools.

The Milton Public Schools prohibits all forms of harassment, discrimination and hate crimes based on race, color, religion, national origin, ethnicity, sex, sexual orientation, gender, gender identity or expression, gender variance, gender conformity, gender transitioning, transgender status, age, homelessness or disability. The civil rights of all school community members are guaranteed by law. We are committed to providing an inclusive and welcoming environment for all members of our staff, students, volunteers, subcontractors, and vendors. The protection of those rights is of utmost importance and priority to our school district. Further, the Milton Public Schools will also not tolerate Retaliation (as defined below) against persons who take action consistent with this policy

Students are encouraged to report instances of bullying to the principal or other trusted adult in the building. All reports of bullying will be investigated. Students who bully other students will face school based consequences, as determined by the principal. When appropriate, the school principal will refer to a law enforcement agency.

Anti-Hazing Law

Chapter 269: Section 17. Hazing; organizing or participating; hazing defined

Section 17. Whoever is a principal organizer or participant in the crime of hazing, as defined herein, shall be punished by a fine of not more than three thousand dollars or by imprisonment in a house of correction for not more than one year, or both such fine and imprisonment.

The term "hazing" as used in this section and in sections eighteen and nineteen, shall mean any conduct or method of initiation into any student organization, whether on public or private property, which willfully or recklessly endangers the physical or mental health of any student or other person. Such conduct shall include whipping, beating, branding, forced calisthenics, exposure to the weather, forced consumption of any food, liquor, beverage, drug or other substance, or any other brutal treatment or forced physical activity which is likely to adversely affect the physical health or safety of any such student or other person, or which subjects such student or other person to extreme mental stress, including extended deprivation of sleep or rest or extended isolation.

Notwithstanding any other provisions of this section to the contrary, consent shall not be available as a defense to any prosecution under this action.

Chapter 269: Section 18. Failure to report hazing

Section 18. Whoever knows that another person is the victim of hazing as defined in section seventeen and is at the scene of such crime shall, to the extent that such person can do so without danger or peril to himself or

others, report such crime to an appropriate law enforcement official as soon as reasonably practicable. Whoever fails to report such crime shall be punished by a fine of not more than one thousand dollars.

Chapter 269: Section 19. Copy of Secs. 17 to 19; issuance to students and student groups, teams and organizations; report

Section 19. Each institution of secondary education and each public and private institution of post secondary education shall issue to every student group, student team or student organization which is part of such institution or is recognized by the institution or permitted by the institution to use its name or facilities or is known by the institution to exist as an unaffiliated student group, student team or student organization, a copy of this section and sections seventeen and eighteen; provided, however, that an institution's compliance with this section's requirements that an institution issue copies of this section and sections seventeen and eighteen to unaffiliated student groups, teams or organizations shall not constitute evidence of the institution's recognition or endorsement of said unaffiliated student groups, teams or organizations.

Each such group, team or organization shall distribute a copy of this section and sections seventeen and eighteen to each of its members, plebes, pledges or applicants for membership. It shall be the duty of each such group, team or organization, acting through its designated officer, to deliver annually, to the institution an attested acknowledgement stating that such group, team or organization has received a copy of this section and said sections seventeen and eighteen, that each of its members, plebes, pledges, or applicants has received a copy of sections seventeen and eighteen, and that such group, team or organization understands and agrees to comply with the provisions of this section and sections seventeen and eighteen.

Each institution of secondary education and each public or private institution of post secondary education shall file, at least annually, a report with the board of higher education and in the case of secondary institutions, the board of education, certifying that such institution has complied with its responsibility to inform student groups, teams or organizations and to notify each full time student enrolled by it of the provisions of this section and sections seventeen and eighteen and also certifying that said institution has adopted a disciplinary policy with regard to the organizers and participants of hazing, and that such policy has been set forth with appropriate emphasis in the student handbook or similar means of communicating the institution's policies to its students. The board of higher education and, in the case of secondary institutions, the board of education shall promulgate regulations governing the content and frequency of such reports, and shall forthwith report to the attorney general any such institution which fails to make such report.

Anti-Discrimination and Anti-Harassment Policy:

Discrimination and Harassment Prohibited: The Milton school system conducts its programs and activities in conformity with state and federal laws that prohibit discrimination and harassment based on membership in legally protected categories. These laws include Title VI and VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the IDEA, M.G.L. c. 76, §5, M.G.L. c. 151B, and the Americans With Disabilities Act. It is the policy of the Milton Public Schools not to discriminate and not to allow discrimination or harassment, on the basis of race, color, gender, gender identity, religion, national origin, sexual orientation, disability and/or marital status or any other legally prohibited basis in any of its activities. In addition, retaliation against any individual who has made a complaint or cooperated in an investigation of a complaint under this policy is unlawful and will not be tolerated by the Milton Public Schools.

Harassment Defined: Harassment includes communications such as gestures, jokes, notes, display of pictures or symbols, communicated in any form, including orally, in writing, or electronically via the Internet, cell phones, text messaging or in any other way, that unlawfully interferes with another person's ability to work or receive an education, based upon race, color, sex, religion, national origin, gender, gender identity, sexual orientation, age or disability.

Complaint Procedure: Anyone having a complaint of discrimination, including a complaint of harassment on any prohibited basis, should immediately bring the complaint to the attention of the Principal, either verbally or in writing. If the person with a complaint is uncomfortable bringing it to the Principal, then the complaint should be brought to the attention of any Assistant Superintendent, the Title IX Coordinator, the Section 504 Coordinator, or the Superintendent of Schools.

Investigation: A written complaint that alleges a violation of the District's anti-discrimination policies will be investigated promptly by an individual designated by the District. The complaint should state the nature of the allegation(s), the remedy requested, and be signed and dated by the complainant. As part of the investigation, the appropriate persons will be interviewed as soon as practicable. Those interviewed may be required to provide written statements. After collecting appropriate information, the investigator will promptly report findings to the administration in writing. The District will issue a determination as to whether or not the allegations of harassment or discrimination are substantiated, the basis for the conclusion, and what, if any, remedial action will be taken.

Remedial Action: In the event that the complaint is substantiated, the administration will take appropriate action to stop the harassment or discrimination, prevent its reoccurrence, and impose such discipline as is warranted by the circumstances. Disciplinary action may include, but is not limited to, reprimand, suspension, termination/expulsion or other sanctions as determined by the school administration and/or school committee subject to applicable procedural requirements. The administration will respond immediately to any new allegations or new information regarding a previously filed complaint. When appropriate, the administration will take steps to minimize contact between students who are the subject of a complaint.

District-wide Policies Available: In addition, the District has detailed policies prohibiting discrimination and harassment, with detailed instructions on how to file grievances and complaints regarding discrimination or harassment as well as appeals procedures. Those policies are available online, on the School District's website at www.miltonps.org or they can be obtained by requesting them from the Principal of this school or the District's central office.

Harassment

Anyone who harasses, sexually or otherwise, by word, action, or threat of action, is preventing that person from receiving an education in a happy and peaceful manner. Anyone found to be harassing another will be subject to a disciplinary hearing with possible disciplinary action following. Furthermore, racial, sexual, ethnic or religious slurs, epithets, or gestures will not be tolerated. Any person who makes such remarks, either written, orally or by using gestures, will be subject to disciplinary action.

Sexual harassment means sexual advances, requests for sexual favors, and verbal or other physical conduct of a sexual nature when:

- a) submission to or rejection of such advances, requests, or conduct is made either explicitly or implicitly a term or condition of, or as a basis for, employment or instruction or participation in schools activities or programs;
- b) such advances, requests, or conduct have the purpose or effect of unreasonably interfering with an individual's work performance by creating an intimidating, hostile, humiliating, or sexually offensive work environment.

NOTE: Embraces, intimate touching and other physical actions of a personal nature are considered inappropriate in an educational setting. When these actions are unwelcome, they may constitute sexual harassment. Please be aware that the guidelines under sexual harassment rules apply not only in the school building, but also on all school property, *i.e.* playing fields, parking lots, driveways, tennis courts and any other properties/facilities associated with any school-related activities.

Effect of Sexual Harassment

In school, sexual harassment can affect a student's academic progress, self-esteem, extracurricular involvement, and social relationships. If sexual harassment is permitted to occur unchecked in schools, this may create a school climate detrimental to learning for all students. In such schools, students may not feel safe; they may not feel free to fully participate in classes and school activities, and they may not feel valued as members of their school community. Such a climate can lead to more serious offenses. Therefore:

1. It is the policy of the Milton Public Schools to provide a learning and working atmosphere for students, employees, and visitors which is free from sexual harassment.
2. It is a violation of this policy for any administrator, teacher, or other employee, to engage in or have knowledge of and not report, sexual harassment.
3. It is the responsibility of every employee to recognize acts of sexual harassment, and to take every action necessary to ensure that the applicable policies and procedures of this school district are implemented.
4. Any employee or student who believes that he or she has been subjected to sexual harassment has the right to file a complaint and to receive prompt and appropriate handling of the complaint.
5. The building principal/designee (see below) shall be responsible for assisting employees and students seeking guidance or support in addressing matters relating to sexual harassment or inappropriate behavior of a sexual nature.

In school systems, sexual harassment may cross many lines. The situation may be an instance of a staff member to a staff member, staff member to a student, student to a staff member or student to student. Guidelines for dealing with any charge of sexual harassment are as follows:

1. What one person may consider acceptable behavior may be viewed as sexual harassment by another person. Therefore, in order to protect the rights of both parties, it is important that the victim makes it clear to the harasser that the behavior is bothering him or her.
2. Staff members must always take every report of sexual harassment seriously and take action **immediately**.
3. If an instance of student to student sexual harassment is reported to a staff member other than an administrator, the staff member should notify an assistant principal or principal **immediately**.
4. If a situation involving a charge of staff member to student sexual harassment is brought to the attention of any staff member that staff member should notify an assistant principal or principal **immediately**.
5. In a situation involving a charge of student to staff member sexual harassment, the staff member should notify the principal or assistant superintendent **immediately**.
6. In a situation involving a charge of staff member to staff member sexual harassment, the staff member should notify the principal or assistant superintendent **immediately**. The building principal/designee shall be responsible for assisting employees and students seeking guidance or support in addressing matters relating to sexual harassment or inappropriate behavior of a sexual nature.
7. In all charges of sexual harassment, the victim should describe, in writing, the specifics of the complaint. If the victim does not wish to describe the harassment in writing, a description may be prepared on behalf of the victim and offered to the victim for his/her approval and signature.
8. Once a charge of sexual harassment has been made, including charges of physical harassment, as well as threats to a person's safety or position in the work environment, the following course of action will be taken:
 - a. The principal should investigate the charge through discussions with individuals involved. In situations involving a staff member, he/she should be informed of his/her rights to have a third party present at the time of the discussion. In situations involving students, parents will be informed of the situation and invited to participate in the discussion.
 - b. It is important that the situation be investigated fully and resolved as confidentially and quickly as possible.
 - c. If the harasser and the victim are willing to discuss the matter in the presence of the principal/designee or assistant superintendent, a supportive faculty member of the same gender as the victim and parent should be included in the discussion. During this discussion, the offending behavior should be described by the victim, a request for a change in behavior should be made, and a promise made that the described behavior will stop.
9. If after formal discussion with the involved parties, the building principal determines that further action must be taken, the following will occur:
 - a) Findings will be reported to the Superintendent of Schools for further action; and
 - b) The victim will be advised of his/her right to file a criminal complaint if warranted.
10. Retaliation in any form against any person who has filed a complaint relating to sexual harassment is forbidden. If it occurs, personnel will be subject to dismissal and students will be removed from the educational setting.
11. All reasonable efforts shall be made to keep confidential the goals of protecting the victim(s) and stopping the behavior and/or ending the hostile environment.

Milton Public Schools Internet User Agreement:

Internet access is now available through the Milton Public Schools' computer network. The purpose of this is to support the educational program by providing students and teachers with access to unique resources available through the Internet and the World Wide Web. All uses of Milton's Internet access and computer facilities must be in support of and consistent with the objectives of the educational program.

Access to the Internet is a privilege, not a right. Adherence to the Internet guidelines stated in this document is a condition for a student's access to the Internet in school. School officials may cancel a student's access at any time if this privilege is abused. Inappropriate conduct on the Milton Public Schools Internet access will be subject to disciplinary action as deemed appropriate and necessary by the principal or his designee and will result in the immediate suspension of all Internet access privileges. Law enforcement may be notified in certain situations. All students who use Milton's Internet access are expected to read and follow these guidelines. By signing this Agreement, parents and students are stipulating that they have read these guidelines and agree to adhere to them.

All student use of the Internet is to be conducted under faculty supervision. However, faculty members are not expected to monitor a student's use at every moment. Every student is expected to take responsibility for his or her appropriate use of the Internet.

All students' E-Mail and other internet files and records which are accessed by school computers during the school day may be accessed and examined by administrators/teachers for educational and administrative purposes, including the need to ensure that these guidelines are being followed. Administrators will also cooperate in providing access to student's E-Mail and Internet files and records to law enforcement authorities when appropriate. Students should not be using their personal E-mail accounts during the school day. Students should not assume that their use of the Milton Public Schools Internet will be private.

The Internet is accessible to the public. Unfortunately, this includes people who want to make contact with students for inappropriate reasons or under false pretenses. The Milton Public Schools cannot screen the Internet for all such inappropriate applications. Consequently, students must be cautious and prudent about not supplying personal information, giving last names/addresses, nor arranging personal meetings. Students should **never** arrange a personal meeting with someone whom they meet on-line without parents' or guardians' knowledge and approval. Students should promptly inform their teacher or an administrator about any on-line communication that the student feels is threatening, harassing, or otherwise inappropriate.

Students are expected to abide by generally accepted rules of Internet etiquette as well as rules of school decorum. These include common courtesy and the avoidance of vulgar or offensive language.

The following are unacceptable uses of Milton's Internet access:

1. Creating or accessing personal E-Mail accounts without the permission of school personnel.
2. Downloading files.
3. Participating in Chat room discussions which are not school related.
4. Posting private or personal information about another person.
5. Attempting to log on through another person's E-Mail account or to access another person's files.
6. Accessing or transmitting obscene or pornographic material.
7. Posting chain letters or scamming, i.e., sending unsolicited or annoying messages to large numbers of people.
8. Participating in communications that facilitate any form of criminal activity, such as, but not limited to, the illegal sale or use of drugs or alcohol, gang activity, sexual harassment, threats, or any other forms of intimidation.
9. Plagiarizing any material.
10. Infringing copyrights, i.e., inappropriate reproducing or transmitting of material protected by copyright.
11. Participating in any and all commercial activities that are not directly related to the educational purposes of the Milton Public Schools, unless specifically approved in advance by the school's administration.

The Milton Public Schools disclaim any liability for the content of material that a student may access on the Internet, for any damages suffered in the course of, or as a result of a student's Internet use, and for the consequences of a student's Internet use.

Student Medical Insurance

The Town of Milton and Milton Public Schools carries no medical insurance coverage (other than for Interscholastic Sports) and any medical cost associated with injury to any child is covered only to the extent of their Parent's medical coverage. In the case of Interscholastic Sports, the Milton Public Schools carries "full excess or secondary insurance coverage" which would supplement parental coverage for deductibles, co-pays, and/or excess costs over parental coverage up to \$1 million.

Medical Insurance

The following statement regarding Medical Insurance Coverage and Release of Liability has been adopted by the School Committee of the Milton Public Schools and is included in each Student Handbook as notice that NO MEDICAL INSURANCE COVERAGE in excess of that obtained by each student's Parent/Guardian with the sole exception being excess medical coverage for Interscholastic Sports Coverage for Accident Medical Expense available through signed permission and waiver form (Milton High School Athletics Permission Form) required for each participant.

Further, that each Parent/Guardian granting permission for students to participate in the many programs, recreation activities, before school, after school, vacation, or summer programs acknowledges that NO MEDICAL INSURANCE COVERAGE is provided and also agrees to forever release the T/O Milton, Milton Public Schools and the School Committee, and all their employees, agents, board members, volunteers and any and all individuals and organizations assisting or participating in these voluntary programs ("the Releasees") from any and all claim, rights of action and causes of action that may have arisen in the past, or may arise in the future, directly or indirectly, from personal injuries to their child or property damage resulting from their child's participation in said programs.

Further, that each Parent/Guardian also promise to indemnify, defend, and hold harmless the Releasees against any and all claims and proceeding of any description that may have been asserted in the past, or may be asserted in the future, directly or indirectly, arising from personal injuries to my child or property damage resulting from my child's participation in said programs.

Further, that each Parent/Guardian acknowledges receipt of and has read this Consent and Release statement and understands the contents of this notification. Acknowledging that their child's participation in these programs is voluntary and that their child is free to choose not to participate in said programs. Said child's participation in any of these programs acknowledges that the Parent/Guardian has decided to allow their participation with full knowledge that the Releasees will not be liable to anyone for personal injuries and property damage their child or they may suffer in these voluntary programs.
